It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

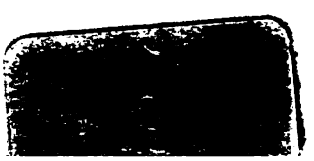

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

FOREWORD
TO
LETTERS OF COMMENDATION

IF a trite term may be used in connection with a series of documents of sterling historical value, it can truly be said that the letters which follow are unsolicited testimonials. They have been picked, if not at random, certainly without a fastidious regard for their particular effectiveness. Most of them bear internal evidence of their spontaneity; others are formal official acknowledgments of service; all of them are first-hand evidence of the work of the Knights of Columbus with America's fighting forces.

The attempt has been made, in presenting these letters, to give a hint of the various phases of war activity of the Knights of Columbus and of the geographical distribution of their efforts. The authors confess themselves baffled, mainly on account of space limitations. But when it is realized that the number of testimonials is but a small fraction of those received by the Knights of Columbus either officially or through individual secretaries, and that tens of thousands of eloquent words of praise of the organization remain forever hidden in personal messages from the men served to their home-folks, whose agents the Knights were in rendering service, this brief series of testimonials carries with it something of the viewpoint of those who were recipients of this service. Such is the object of their straight-forward, unembellished presentation.

Hundreds of secretaries returning from the front failed to surrender letters received from men they served and the commanders of those men; scores of domestic secretaries did not see fit to give out for consideration testimonials to their worth. These facts but emphasize the brevity of this selection.

FROM A SPEECH BY MAJOR GENERAL GEORGE B. DUNCAN, COMMANDING OFFICER, CAMP MERRITT, AT CLOSING EXERCISES OF THE KNIGHTS OF COLUMBUS HUT, OCTOBER 31, 1919.

[General Duncan went overseas in command of the 36th Infantry, 1st Division, later he commanded the 1st Brigade, 1st Division, and then was put in command of the 77th Division. Shortly before sailing for home he was put in command of the 82nd Division and brought that Division home.]

I am glad to be with you men, just to render a little tribute from ourselves, the soldiers, to the K. of C.

We all know the place that the K. of C. occupied in the hearts of our men in France. If I were to ask all of you here in this hut who gave the greatest interest to athletics, you would all say the K. of C. If I were to ask you who poured out generously all that they had as a gift to you, you would shout in wondrous accord, the K. of C. If I were to ask you what welfare organization provided a hut, also an altar for the living God, you would all say the K. of C. If I were to ask who gave generously on your return here, and met you with the most attractive women in the land, you would say the K. of C. When we all go back to our homes, a place will be kept in our hearts, in our communities, wherever we go for the fine men and women who have been associated with them in this superb organization.

PARIS, FRANCE, JULY 10, 1919.

MR. EDWARD L. HEARN, OVERSEAS COMMISSIONER, KNIGHTS OF COLUMBUS, PARIS.

I wish to express through you to the Knights of Columbus my appreciation and that of the officers and men under my command for the valuable services rendered by your organization to the American Expeditionary Forces.

The active work of your organization in France began early in 1918, was well under way by the Spring of that year, and has been increasing in scope ever since. Before the cessation of hostilities its workers were attached to many of the combat divisions and recreation huts had been opened in the principal American concentration centers. Numerous commanding officers have commended the devotion to duty of your personnel, and have testified to their popularity and helpfulness among the troops whom they served.

During the armistice, it has been particularly active in the promotion of athletics, a most valuable factor for health and contentment. It has also contributed to the success of the Army entertainment program by numerous appropriations for musical instruments and equipments of soldier shows, has increased its general recreational activities, helping materially to maintain the morale of the Army during the inevitable period of waiting to go home.

I thank you, and each individual worker in your organization for your valuable assistance.

JOHN J. PERSHING,
Commander in Chief, American E. F.

FROM THE FOREWORD TO A BOOKLET, ENTITLED "YOU! AND THE CAMP SCHOOL," BY MAJOR GENERAL HENRY P. MCCAIN, U. S. A., COMMANDER AT CAMP DEVENS, JUNE, 1919.

I have always been interested in providing adequate educational opportunities for the men of my command.

It was, therefore, with profound gratitude that I accepted the offer made by the Knights of Columbus to equip and finance the Camp School giving it entirely into my hands to be conducted as an Army School under the supervision of Army Officers appointed by me.

The School is complete in every detail and is designed to give you the means to obtain advancement through expert knowledge both in the service and in civil life.

The man who will devote part of his time to any of the courses of study offered will, I am sure, be better able to grasp the many opportunities for advancement in the Army. And he will undoubtedly be better fitted to resume his place in civil life as an able citizen, a successful man, amply equipped for the conscientious discharge of those patriotic duties that are incumbent upon every honest American.

I hope the School will succeed, and I shall do everything that lies in my power to make it a success. I urge every man in the permanent personnel of this camp to give this opportunity his calm and deliberate consideration, feeling that those who take advantage of it will be amply repaid.

CHARLESTON, W. VA., MAY 16, 1919.

GENERAL SECRETARY, KNIGHTS OF COLUMBUS.

I desire to express to you for myself and on the part of the officers and enlisted men under my command our appreciation of the assistance rendered the troops debarking at Charleston during the past month, and it is my observation that the personnel of your organization met the returning troops not only as fellow countrymen but, as they did on the other side, as brothers, and I feel that because of this hearty co-operation the successful movement of the troops through here was very largely accomplished by your assistance, and so wish to express my acknowledgment of the same, not only on my own behalf and on the part of those of this command, but on behalf of the officers and men of the returning troops who expressed so generously their appreciation.

I beg to remain,

Yours very cordially,

HENRY G. SHARPE,

Major General, U. S. Army, Commanding.

MR. MICHAEL S. HOGAN, SUPERVISOR, KNIGHTS OF COLUMBUS, 105 WEST 40TH STREET, NEW YORK CITY, N. Y.

MY DEAR MR. HOGAN:

I wish to extend to you and through you to the Knights of Columbus, the thanks of this regiment for the splendid treatment you have given us.

It is truly refreshing, though most unusual, to meet people who understand something of the psychology and wants of the soldier and who can in a manly way entertain and instruct him without hanging crape or adopting that superior air so maddening to the average person.

Will you thank in our name the individuals who contributed to our entertainment and who acted as guides to the places of interest about the city?

Very truly yours,
JESSE M. CULLISON,
Colonel, Twelfth Infantry, Commanding.

MR. WM. W. O'NEILL, REGIONAL DIRECTOR, KNIGHTS OF COLUMBUS, 115, RUE DE SIAM, BREST, FRANCE.

MY DEAR MR. O'NEILL:

Before the work in this Base Section finally closes I wish to extend to you and all the members of your organization my sincerest congratulations on the high standard of efficiency which you have set and maintained throughout all of your work The Knights of Columbus by their work along athletic, religious and entertainment lines have added to the welfare and contentment of this command in every possible way. The results you have achieved and which show before all the world make a record to be proud of and you can feel the joy of having successfully completed a noble work.

Never before has welfare work played the important part that it has in this war and the Knights of Columbus has played a great rôle in helping to make for the American Army its record as the most fit army that was ever in the field.

I realize that you personally have built up the entire structure of your organization in this Base and I wish to thank you for your long and untiring service in this command. Please extend to your entire personnel my thanks for the staunch support that they have given me in all the activities of this Base Section.

Sincerely,
ELI A. HELMICK,
Major General, U. S. Army.

PARIS, FRANCE, SEPTEMBER 16, 1919.

MR. EDWARD L. HEARN, OVERSEAS COMMISSIONER, KNIGHTS OF COLUMBUS.

MY DEAR MR. HEARN:

At this time when our work with the American Army is rapidly drawing to a close, I want to express to you my appreciation of the hearty co-operation which has always been received from your organization by me. Please know that you have the hearty good wishes of the American Red Cross and our congratulations on the work you have done in France.

Yours very sincerely,

KENNETH MYGATT,
Lt.-Col. A. R. C., Commissioner for France.

Subject: Receipt of supplies.

1. Enclosed is receipt for supplies which you were kind enough to send over for the boys on duty in the station here. The goods were distributed among the fellows. It's impossible to express on paper the wild cries that went up in praise for the K. of C. As this is not the first batch of stuff that the K. of C. men have given to the fellows they are beginning to believe that there is some system to the K. of C. distribution organization and they hope to be remembered regularly.

JOHN W. BELL,
2nd Lt., Trans. Corps.

FROM MAJOR-GENERAL LEONARD WOOD, COMMANDER OF THE CENTRAL DEPARTMENT.

The work of the Knights of Columbus came under my observation for a period of nearly a year and a half at Camp Funston, Kansas. I have also seen much of their work elsewhere. Their work has been excellent and characterized by a spirit of liberality and helpfulness. Indeed, the service rendered by the organization has been of real assistance in the training of our men in that it has added to their personal comfort and their contentment in camp. It has also aided in the maintenance of high moral standards, by surrounding the men with the best of influences. You are to be congratulated on the results attained.

MR. THOMAS H. NEARY, KNIGHTS OF COLUMBUS, CAMP MERRITT, NEW JERSEY.

MY DEAR MR. NEARY:

It is my very great pleasure to send you a copy of a letter from the Chief of Staff indicating the appreciation of the War Department of the splendid work done by the various welfare agencies and by numerous individuals at the Ports of Embarkation and at the camps connected therewith.

I wish to add my personal word of gratitude and to be spokesman for the hundreds of thousands of men who, passing through the Port, have benefited by your kindly acts, thanking you in their behalf.

Additional copies of General March's letter will be supplied for all individuals who worked under the auspices of your organization if you so desire.

Very sincerely,
DAVID C. SHANKS,
Major-General, U. S. A.

GENERAL SECRETARY, KNIGHTS OF COLUMBUS, CAMP DIX, N. J.

Now that I am severing my connection with Camp Dix, I write to assure you of my deep sense of the service rendered by the Knights of Columbus and by you personally to the common cause.

You have shown a wonderful initiative in welfare work for the soldier, which is beyond praise, and which has played a great part in the up-building of the morale of the many thousands of young men of every religious belief, who have fallen under your influence.

I rejoice on the successful carrying out of your beautiful thought of planting memorial trees for our dead. I thank you for the many personal kindnesses received at your hands, and hope that our friendship made here will continue for the rest of our lives.

Very sincerely yours,
H. L. SCOTT,
Major General, U. S. A., Commanding.

MR. W. J. MCGINLEY, KNIGHTS OF COLUMBUS, NEW HAVEN, CONN.

MY DEAR SIR:

Upon my return to Worcester I find your letter asking for some statement about the awards of the Knights of Columbus.

In the first place, I want to say that the business method of the Committee seems to me admirable. We have usually found dealings with the Government tedious beyond anything, and to find any agency dealing with

a question such as you have undertaken going ahead with its business without red tape and without imposing all kinds of restrictions is refreshing.

I consider the award of these scholarships useful and an entirely proper use of the funds at the disposal of the Knights of Columbus. It will do much to assist in the rehabilitation of soldiers who have been of service to their country.

Yours very truly,
(Signed) IRA N. HOLLIS.

MY DEAR MR. MONAHAN:

Now that your duties with the First Division are finished, I desire to express to you in the name of the Division as a whole our appreciation of your services with us.

Your work has always been done cheerfully and willingly. The results have been satisfactory and have helped the morale of both officers and men.

Your services with the Division did much to increase the comfort and pleasure of the men during their stay in Europe, and for such services you have our thanks and best wishes.

HEADQUARTERS 37TH. DIV. AMERICAN E. F., JANUARY 18, 1919.

From: COMMANDING GENERAL,

To: SECRETARIES, GUY E. THOMAS, JOHN C. DAWSON, EDWARD J. MENTON, ERNEST E. DITCH } KNIGHTS OF COLUMBUS WITH 37TH. DIVISION.

Subject: Service.

1. The last elements of the 37th. Division having reached the rear areas from the Belgian Front this day, the date seems to be a suitable one for expressing to you my appreciation and that of the 37th. Division for your unselfish and self-sacrificing devotion to the Division during the entire period of its service in France.

2. In the comparatively quiet but far from safe Baccarat Sector, in the desperate fighting of the Argonne-Meuse offensive, in the deadly defensive Pannes Sector, and in the continuous and progressive fighting in Belgium, where the 37th. Division held and fought for the principles of humanity and justice, you were always present, in the front lines as well as in the

reserve positions, to bring cheer and comforts, spiritual and physical both, to members of the 37th. Division. Your unostentatious and helpful attendance on the Division did much to relieve the trials and sufferings necessarily incident to active warfare.

3 Upon completion of the active service you were no less devoted in bringing comfort and recreation to the men of the Division in their uncomfortable billets near No-Man's Land in Belgium and North France.

4. On behalf of the members of the 37th. Division I express to you our sincere appreciation and respect. I do this with a full understanding that your greatest reward is the knowledge that you have done duties in accordance with the precepts of our Country and Religion. I can only slightly add to that reward by letting you know that others have the knowledge of your duty well done.

KNIGHTS OF COLUMBUS, 461 FOURTH AVENUE, NEW YORK CITY.

GENTLEMEN:

I have only just been informed by the Commanding Officer of the Fourth Brigade of Marines of the very helpful assistance and co-operation rendered by the Knights of Columbus in connection with the parade of the Second Division, A. E. F., in New York, or I would have written sooner and expressed my appreciation.

Your efficient and decidedly useful services on that occasion aided materially in the successful carrying out of the parade, and both personally, and on behalf of the Fourth Marine Brigade, I wish to convey to you, and through you to the other officials and co-workers of your organization, my sincere thanks and grateful appreciation.

Trusting you will pardon the tardiness of this acknowledgment of your really splendid work, I am,

Sincerely yours,

MR. MARTIN V. MERLE, SUPERVISOR, KNIGHTS OF COLUMBUS.

MY DEAR MR. MERLE:

In view of the dissolution of the A. E. C., I desire to express to you and to the Knights of Columbus my thanks and appreciation for the excellent work done in this Embarkation Center. The influence of your Society has been of the greatest material benefit to thousands of troops who have

been prepared for embarkation, while your entertainments and rest rooms have added greatly to their content and comfort.

Your organization was at all times conducted along sound business lines and has been characterized by a high sense of duty and industry and has been made of official record at these Headquarters.

Wishing you and your Association every success in your future work,

TO HEADS OF ALL K. OF C. HUTS: (through Mr. Phillips, Secretary, Knights of Columbus, Le Mans, France.)

Before leaving this Camp, I wish to express to you as the head of your department of welfare work, my sincere appreciation of the untiring efforts made by your assistants in catering to the welfare, amusement and contentment of the thousands of officers and men who have passed through this Camp en route to the United States.

I have at all times found the members of your society to be enthusiastic in their work, loyal in their support of the policies of the Camp, and exhibiting the best kind of "Team Work" in connection with the other members engaged in welfare work.

I request that you extend to each and every one of them, the appreciation and thanks of the officers and enlisted men who have either served here permanently, or as transients, for their efforts in performing in a most satisfactory manner, the duties of the Welfare Society at this Camp.

Sincerely,

HQ. 82D DIVISION, AMERICAN E. F., FRANCE, NOVEMBER 22, 1918.

MR. EDWARD L. HEARN, OVERSEAS COMMISSIONER, K. OF C., 16 PLACE DE LA MADELEINE, PARIS.

DEAR SIR:

Since the early part of July, representatives of your Knights of Columbus Society, under the leadership of Mr. John McBennett, head secretary, have been associated with the men of our Division. They have distributed, free of charge, large supplies; have maintained places for reading and writing; and their co-operation with the Chaplains of the Division has greatly ministered to the comfort and welfare of our men.

During the month of October, when our Division was in action on the Argonne front, these men gave themselves fully and unselfishly to the work

of giving aid and comfort to our soldiers. They distributed supplies, assisted at the front line dressing stations, helped carry the wounded to the hospitals, ministered to the dying, and assisted in the care of our dead. They share with us the glory of the results we were enabled to achieve.

I deeply regret the wound received by Mr. Joseph Crowe, which resulted in the loss of one of his legs, and the illness of Mr. John Stewart, who was gassed while serving with us.

Personally, and in behalf of the Division, I wish to thank you and thru you, the Knights of Columbus, for the services they have rendered us.

Respectfully yours,
(Signed) G. B. DUNCAN,
Major General, U. S. A., Commanding.

MY DEAR MR. OATES:

Before relinquishing command of the garrison of Trier, Germany, I desire to express to you my appreciation of the work of the Knights of Columbus at this place, and my admiration for the spirit shown by you and other individual men associated with you. Your efforts to help the men of this garrison, in matters of comfort and entertainment, have borne quick results, which must have been gratifying to you and your friends — as they were to both officers and men of the American Expeditionary Forces stationed here.

I wish to congratulate you on your success, and to express to you my sincere thanks for your efforts and the results accomplished.

I am sure that the men stationed here in Trier, Germany, will always have a warm place in their hearts for the Knights of Columbus.

With best wishes, I remain,
Very truly,

GENERAL ORDERS

No. 3

The regimental commander cites the following men for distinguished conduct during the advance on Sedan, Nov. 4–11, 1918.

J. W. Fitzpatrick, Knights of Columbus Worker.

During the advance in the Ardennes towards Sedan, Mr. Fitzpatrick displayed great courage and a self-sacrificing spirit in obtaining supplies and distributing them to the men of the firing line with a smile and a cheering word for each man never thinking of his own personal safety.

Thos. F. Roche, Knights of Columbus Worker.

During the advance in the Ardennes towards Sedan, Mr. Roche displayed exceptional courage and self sacrificing spirit in obtaining supplies by truck, and delivering them to the men of the firing line, with absolute disregard for himself he drove the car, night and day over shelled and shelled-torn roads that the men could have such comforts as he could obtain for them.

MR. EDWARD L. HEARN, 16 PLACE DE LA MADELEINE, PARIS, FRANCE.

DEAR SIR:

It has come to my attention that the work of the secretaries of the Knights of Columbus attached to the 28th Division has recently been subjected to a certain amount of adverse criticism, chiefly from but one source.

The efficiency and sincerity of these men and their untiring efforts in caring for the wounded and sick in our hospitals has been of such a nature that I feel called upon to make some statement in their defense and to state the appreciation of their work felt by all those who have been witnesses of it. They have not only been highly successful in their endeavors to aid the individual patients, but have exhibited a very evident willingness to unite their efforts with those of the members of other organizations engaged in the same kind of work.

This statement is made after witnessing the work of the representatives of the Knights of Columbus for several months, and is from a personal knowledge of the circumstances.

As Post Commander, I wish to thank you for the excellent work of the Knights of Columbus at this Post. We have been very fortunate in having secretaries who were excellent mixers and capable of carrying on the welfare work with credit both to themselves and to your organization. TO THE DIRECTORS, KNIGHTS OF COLUMBUS,
16 PLACE DE LA MADELEINE, PARIS, FRANCE.

GENTLEMEN:

On behalf of the entire personnel, both commissioner and enlisted, comprising Camp Hospital 121, I wish to extend sincere and heartfelt thanks for the splendid and patriotic service, rendered to us by your organization.

Since its very beginning the K. of C. has been a friend, guide and assistant to this organization. Its tireless and indefatigable secretaries have visited us many times each week and many a bed-fast soldier has anxiously awaited their cheery greetings, as well as the more concrete gifts of candy, cookies, fruit, chewing-gum, tobacco, etc., which have been distributed with so lavish a hand.

The Commissioner Personnel, the ladies of the Army Nurse Corps, and the enlisted men of the Medical Department on duty here, have all participated in personally conducted trips to all parts of the battle-front, in K. C. trucks and under K. C. Secretaries. In addition to these there have been other trips to Versailles, sight-seeing excursions in the city of Paris, trips to American cemeteries, and other expeditions too numerous to mention.

I wish to express especial appreciation of the magnificent work of Secretaries Collins and McLaughlin, whose familiar faces in our halls and among the wards have always left a train of happiness and contentment in their wake. These two men have been of untold value in upholding the morale of all branches of this hospital.

And now, on the eve of your departure from the field where your work has been so well done, it is but proper that I express to you some measure of the gratitude which exists in the hearts of every Officer, Nurse, Patient and Enlisted Man, who has seen service at Hospital 121.

Very truly yours,

CAMP INFIRMARY. CAMP NO. 1, ST. NAZAIRE, FRANCE.

JUNE 21, 1919.

From: MAJOR EDWARD J. ABBOTT, M. C. AND MAJOR WM. H. MALEY.

To: SECRETARY, KNIGHTS OF COLUMBUS, ST. NAZAIRE, CAMP NO. 1.

Subject: Appreciation.

We desire to voice our appreciation of the magnificent work done by the Knights of Columbus in those part of the A. E. F. with which we are familiar and to express our hearty and thankful personal appreciation of the many kindnesses we have received from the hands of those in charge of the huts.

The K. C. hut has been the Oasis in the Sahara of homesickness where the enlisted personnel could meet, Jew and Gentile, Catholic or Protestant without question of creed or fear of propaganda, everything free, everybody welcome, everyone of the rank and file turned instinctively to the K. C. hut as the haven of rest and the dispensers of the little comforts so bounteously given that mean so much to a man away from home.

Major Abbott especially feels indebted for the loving kindness and the Christly character of the service done him while at the front, wounded he was cared for and cheered, and the memory most cherished and impossible of obliteration is the sympathetic face of the K. C. man bending over me and the hand clasp he gave me when I lay helpless. No matter where I was the K. C's were with me.

Major Maley's experience is analogous and while not wounded yet he has experienced the courtesy and kindness, many, frequent and always given with that fineness of feeling and heartiness of manner which made the recipient feel that he was not given grudging charity, but the wholehearted gift of a brother and a fellow soldier. We say "God bless the K.C's" and believe the name should be changed to Knights of Christ as most fitting to describe the work they have done in the A. E. F.

EDWARD J. ABBOTT,
Major M. C., U. S. A.

WM. H. MALEY,
Major M. C., U. S. A.

HEADQUARTERS CAMP HOSPITAL, CAMP GRANT, ILL.

SEPT. 15, 1919.

FIELD SECRETARY, KNIGHTS OF COLUMBUS, CAMP GRANT, ILLINOIS.

MY DEAR SIR:

Having been Commanding Officer of the Base Hospital at Camp Grant, Ill., through its entire existence, and having personally observed your various activities, I desire to express our hearty appreciation for the valuable assistance rendered in relief and recreational work during this war.

In my opinion, your organization has come more closely to discharging the obligations assumed, than any welfare organization on duty here. It has been a great pleasure to have been associated with your representatives at the hospital and to feel that they were in accord with our policies. I desire to especially commend the services of Mr. Rausch and Mr. Powers.

I expect to leave this hospital in the near future and would feel that my obligations here had not been completed without making it known to you our appreciation of your services.

Very cordially yours,
(Signed) H. C. MICHIE,
Lieut. Col., Med. Corps, U. S. A., Surgeon.

CAMP HOSPITAL, CAMP DIX, N. J. OCTOBER 8, 1919.

REPORT OF HOSPITAL ANNEXES.

The Knights of Columbus has done heroic work, both for the patients of the hospital and the Medical detachment men. Their work consisted of the distribution three times weekly of cigarettes, chocolate, hard candies, jellies, and fruit. Paper, envelopes, razor blades, shaving brushes were also distributed. Early in 1919 the hospital was supplied with beads for bead work. Two shows a week were given for the men at the K. of C. Huts and transportation of such men as were unable to walk was supplied. When the hospital introduced the use of radium, the K. of C. paid the insurance premium on $45,000 worth of radium. One thousand dishes were donated to the mess of the hospital, also by the K. of C. John W. Conroy, the K. of C. Hospital Secretary had full charge of this work and great praise should be given him for his untiring efforts. This data to be placed on file in the archives at Washington, D. C.

BRITISH NAVAL OFFICER'S THANKS.

TO THE KNIGHTS OF COLUMBUS COMMITTEE ON OVERSEAS ACTIVITIES, NEW YORK CITY.

I write to thank you, and through you, all those who support and are connected with the institution of the Knights of Columbus for the very great kindness shown to the officers and men of my ship at your branch at Spalato, Dalmatia.

Since our arrival at this station, a single British destroyer, the Knights of Columbus have not ceased to shower kindnesses upon us. They have taken my men in exactly as if they were American seamen, providing a place where they could always go and be sure of a warm welcome.

The value of this in a strange place, where men cannot speak the language of the inhabitants, has been invaluable.

Not content with this your institution has provided us with books, games, chocolates and cigarettes which have been most thoroughly appreciated by all on board.

I hope you will do me the kindness of making known to your supporters in the U. S. A. how greatly the institution has been appreciated, and also convey my personal thanks for the kindness shown my men.

(Signed) F. GRAHAM SELNESS,
Commander, H. M. S. Selness.

HEADQUARTERS 167TH U. S. (ALA.) INFANTRY, ARMY OF OCCUPATION.
SINZIG, ON THE RHINE, MARCH 17, 1919.

MR. P. J. CAREY, KNIGHTS OF COLUMBUS, SECRETARY, 167TH INF.

MY DEAR MR. CAREY:

The good work being done by you for the boys of the 167th Infantry (4th Ala.) 42nd (Rainbow) Division deserves special mention. You have been untiring in all your efforts to help our men, giving them good advice, free stationery, cigarettes, tobacco, athletic supplies,. assisting our Athletic Officer in organizing teams for both indoor and outdoor contests, and the free doughnuts have gone a long way toward filling many a sweet tooth for some Alabama doughboy, reminding him of the good things "mother used to cook."

The work being done by the Knights of Columbus, through you, entitles you and the organization you so ably represent to no small degree of gratitude upon the part of all our officers and enlisted men.

You are Irish to the core, big hearted and broad of spirit like all other real Irishmen, and our regiment is richer because we have so many men and officers whose blood can be directly traced back to the Emerald Isle.

Captain John M. Waldron, of M Company, 167th Infantry, formerly an Officer in the 165th (69th New York) told me the other day that the 167th had received so many recruits since the war started that we now have more Irish boys in our regiment than you can find in the 165th, and that is one of the many reasons why the Alabama regiment made such a splendid record during the present war. John says that every Irish organization in New York would turn out with kisses and bouquets for the Alabama Regiment if they knew these things. One thing I do know, the boys from these old-time rival regiments are today the very best of comrades, having fought all through the war together, going "over the top" together, stimulating each other by deeds of daring unsurpassed by soldiers of any country in any war of the past.

In this connection, permit me to say, the "Old 69th" was perhaps the best known regiment of Infantry in the Union army during the Civil War, while the 4th Alabama Infantry (now the 167th U. S. Inf.), was the most famous regiment in the Confederate army. Four long years these two regiments fought each other like tigers from Gettysburg to Manassas, each had felt the other's steel, each had a profound respect for each other's mettle.

After a lapse of more than fifty years these two old rival organizations of Civil War fame and glory mobilized at Camp Mills for service in France. Germany must face the dash and courage of these Irish boys on many a hard fought field, and by their sides march the "Old Fourth" and the battle cry of the Irish and the shrill yell of the firey Southerners blend into one defiant chorus as they sweep on together to victory. Yesterday when General Pershing reviewed the Rainbow Division on the banks of the Rhine I saw the old battle flag of the 69th and the colors of the 4th Alabama carried side-by-side to look upon the sons of New York and Alabama as they received distinguished service crosses at the hands of their Chieftain for deeds of valor. Surely the spirits of the heroic dead of other wars must have looked down upon that remarkable scene yesterday. Capt. Edmond Connelly, B Company, 165th Inf., commands the same company his father commanded during the Civil War. Capt. Connelly had four uncles who

served in the 4th Ala. during the Civil War. As the Captain looked upon these regiments marching together yesterday his eyes were filled with tears, turning to me he said, "Chaplain, this is one of the greatest days of my life; my father shed his blood following this old flag you see over there at the head of the 69th, while four of my uncles shed their blood following the standard of the 4th Alabama that now marches beside my father's old regiment, and now I see the evidence of a reunited country, for the boys of the North and the boys from the South are marching behind the same old flag." Yes, the captain uttered a great truth, for his father's old regiment and his uncles' old regiment are no longer enemies, they are brothers in every sense of the word, they have suffered together, fought together, died together, and those among them who are living are heroes of the greatest war in all history. I mention these things because you are a New Yorker, an Irishman, and a former member of the "Old 69th" New York. I just wanted you and others from New York to know that we Alabamians of the "Old 4th" Alabama Infantry appreciated your good work as a representative of the Knights of Columbus equally as well as the splendid record made by your old military organization during the present war.

Sincerely,

EMMETT P. SMITH,

Chaplain 167th (4th Ala.) U. S. Inf., 42nd (Rainbow Division), Army of Occupation, Germany.

HEADQUARTERS, CO. "B" 37TH ENGINEERS, COBLENZ, GERMANY.

JANUARY 2, 1919.

MR. EDWARD L. HEARN, COMMISSIONER OF K. C. OVERSEAS ACTIVITIES, K. C. HEADQUARTERS, PARIS.

DEAR SIR:

We, like almost all other American soldiers, expect to return to the States in the immediate future. If we do we must take Dad (Joseph A.) Monahan with us to make the trip complete. The only hitch is that Dad says he has promised your organization to stay for an additional period of time.

While formerly Dad belonged to the Knights of Columbus he is now in business for himself and is the sole proprietor of this orphan regiment of engineers, the 37th Engineers. It is only out of respect to his former connection and to the fact that you are still paying his salary, that we are writing about his return.

To give you more complete details of Dad's ownership we will make the following explanation: We have always been Army Troops, which of course means that we have never been identified with any Army Corps or Division, except during our march through Luxemburg and Germany when we were attached to the Third Corps of the Third Army for purposes of marching. On account of this fact we have had no connection with the Y. M. C. A. or the Red Cross, and until Dad discovered us we were a neglected bunch. Through Dad the Knights of Columbus is practically the only help we have ever had, especially for writing-paper, chocolate and cigarettes. Dad has travelled over France and Germany with us on the

way up and now that we are going back we want him to make the Home Stretch with the boys.

If you can fix it for Dad to go with us please do so. In case you cannot do this at least you must know that we have appreciated his work and that he has been a real friend to the regiment.

Yours truly,
J. F. ALEXANDER,
1st Lt. Engineers.

PARIS, FRANCE, JUNE 26, 1919.

MR. JOHN D. WHALEN, CARE KNIGHTS OF COLUMBUS, PARIS, FRANCE.

DEAR MR. WHALEN:

We, the undersigned enlisted personnel of the United States Liquidation Commission, War Department, wish to take this opportunity to thank you for the generous way in which you responded to our request for supplies that you furnished us with.

It is certainly appreciated by those of us located here in Paris that there are such organizations as yours and that it is composed of such men as yourself who are always on the alert and who are always so generous to answer kindly any request such as we made.

Once again I take this opportunity to thank you.

Yours very truly,
UNITED STATES LIQUIDATION COMMISSION, W. D.

AUGUST 1, 1919.

MR. JOHN D. WHALEN:

My dear Friend, for such I will always consider you. I received your kind letter a few days ago and thank you from the bottom of my heart for the kind interest you have taken in my loved one, for I have just ten minutes ago seen the beautiful letter you sent Doctor Watkins, in which you tell how earnestly you are looking for my dear Leslie. But, my dear Friend, your untiring search and my earnest prayers have been for nothing as my darling boy has gone to his Maker; since writing to you I have been officially notified from Washington, D. C. that Leslie was killed in action on September 26th, 1918. While I am heartbroken over the loss of my dear boy, I feel assured that he is "Safe in the Arms of Jesus," for he was a good boy to every one, and to know him was to love him.

Again thanking you for your great kindness to me, and trusting some day to be able to thank you in person,

Most sincerely,
(Signed) MRS. CLARA W. DEVLIN.

EXCERPT FROM A LETTER TO MR. JAMES V. SMITH, CASSELL HOTEL, BALTIMORE, MD.

SATURDAY, FEB. 1, 1919.

Our trip across by the Rochambeau was exciting at times, due to the heavy seas, etc., but after delays both at Bordeaux and at Halifax, we docked at New York, in good shape, on the 25th of January instead of the 18th.

As you may have seen by the newspapers we were obliged to put in at Halifax for coal and provisions.

Sufficient praise cannot be given to the Knights of Columbus organization at that port; when they learned we were at anchor in the harbor they came out in launches to the Rochambeau with ice-cream in cones for some eight hundred and fifty doughboys, chocolate, cigarettes, boxes of oranges, apples by the barrel. A Mr. Allen, I think, is the head Knights of Columbus secretary at Halifax, and a Father Quinlan is the Chaplain.

It will be no fault of theirs if the organization does not flourish in Canada.

I understand they accord the same treatment to all home coming soldiers stopping at Halifax.

KNIGHTS OF COLUMBUS HEADQUARTERS, 105 WEST 40TH STREET, NEW YORK, N. Y.

DEAR SIRS:

Like many another father and mother we had been looking forward to the time when our son would again be with us, and when we went to New York to meet him on his arrival, the courtesy and kindness extended to us by Mr. J. T. Connolly meant more to us than I can express. What it meant to be able to grasp our son's hand on his immediate arrival was a source of great joy to us, and the opportunity to do so, extended to us by your organization, through Mr. Connolly, will always remain one of the few pleasant memories connected with the past Great War.

Very sincerely yours,
DR. I. A. MCCLELLAN & WIFE.

VERNEUIL, NIEVRE, FRANCE, AUG. 6, 1919.

KNIGHTS OF COLUMBUS,
PARIS, FRANCE.

GENTLEMEN:

I, personally, am out of the service entirely now, having been discharged on July 5th. I am not a K. of C. Not that I possibly would not want to be one; but the fact is that in France no one could be accepted, and here I am again a member of a religious order and could not fulfill the financial obligations. But the very fact perhaps, that I am personally no K. of C. and have no affiliations with your organization in any way, will lend more weight to my words than if I were.

What I would like to say is this:

I think the K. of C. have done a wonderful piece of work in the A. E. F. They may not have had the ample funds that some other organization or organizations have had; they may not have had the fanfares of a world-wide advertisement-system to trumpet their doings out to a listening public; they may not have had a mighty press-association behind them to back up their efforts; but they surely have done a man's job in a man's war, with an energy and a devotion to the cause which is worthy of the great ideals that formed the basic principles of this greatest struggle of history. It was with a spirit of sacrifice, of service, of all-embracing charity, that they entered into their work, and they certainly have lived up to their initial purpose.

Whatever they received they gave again, gave generously and unstintingly, with never a question asked and never a penny in return; and whatever they gave they gave with a smile. They gave, not only in camps and other military organizations where they were represented; they gave to every one and to every place they could reach. Tons of supplies were sent, for the mere asking, to our camp, where there was no K. of C. secretary.

It was this genuine spirit of willingness, this grand exhibition of good-fellowship, that has won the heart of the soldier for the K. of C. The soldier felt instinctively that the K. of C. was his real and true friend in need; and, whether he was Catholic, Protestant, Jew, or nothing at all, he gave the full mead of his praise.

The war is over and the soldier is being rapidly absorbed again into the civic body of the nation, but what he has seen and observed he will never forget; and one of the things he will remember to the end of his days, is the glad hand the K. of C. has held out to him in France. It was a bright spot in an otherwise irksome and monotonous existence.

Permit me to thank you most heartily for your splendid co-operation in relieving the situation of the lads "over there," and in particular for the fine sense of helpfulness you have shown for our camp so far away from your source of supplies.

Wishing the K. of C. God's blessing for the noble work done, I beg to remain,

Yours respectfully,
C. N. BITTLE, O. M. CAP.

Subject: Appreciation.

1. In view of the fact that I am about to be released as Regional Director of the J. W. B. in Le Mans Area, I want to express my sincere thanks for the kind co-operation the K. of C. has rendered to me while Regional Director of the Jewish Welfare Board.

2. I feel that in leaving, the K. of C. will continue their splendid co-operation with Mr. Schwab, our new head, and I wish this little note to be used to its best advantage, showing my personal spirit and the spirit of the Jewish Welfare Board towards the K. of C. for their co-operation.

3. If at any future time the writer can be of service to the K. of C. in civilian life, I shall be very glad to do so. My address is as follows: 2112 Ontario Street, Cleveland, Ohio.

4. With personal regards to all K. of C. workers and best wishes for their continued success in the A. E. F.

DEAR SIR:

I am in receipt of a communication from our Mr. Schwab, which tells me of the delightful spirit of co-operation which you have evidenced to him on more than one occasion, notably in the matter of giving up a hut for his use.

May I express to you the very hearty thanks of the Jewish Welfare Board for your courtesy, and may I say to you personally, that I appreciate your part in this affair, and trust that the same spirit may obtain in all of our dealings with you.

Very sincerely yours,

ATLANTIC DIVISION, AMERICAN NATIONAL RED CROSS, DEPARTMENT OF MILITARY RELIEF, U. S. A. DEBARKATION HOSPITAL NO. 5, LEXINGTON AVENUE AND 46TH STREET (GRAND CENTRAL PALACE).

NEW YORK, JUNE 11, 1919.

MR. DUFFY, KNIGHTS OF COLUMBUS, 105 WEST 40TH STREET, NEW YORK CITY.

DEAR MR. DUFFY:

Now that our work here is practically over, on account of the closing of the hospital, I wish to express once more my appreciation for the help that you have given us in entertaining the thousands of men from overseas who have passed through this building.

The chance to see New York, afforded by the sight-seeing buses, has meant more to the men from remote parts of the country than anything else, and of course there is nothing that appeals to any of the men more than a ball-game. You have certainly brought a great deal of pleasure to hundreds of our boys, who will look back on their stay in New York with joy all the rest of their lives.

With renewed thanks for your help and co-operation,

Yours faithfully,

MICHAEL S. HOGAN, SUPERVISOR, KNIGHTS OF COLUMBUS, 105 WEST 40TH STREET, NEW YORK CITY, N. Y.

DEAR SIR:

The moment has arrived when the best of friends must part. I convey to you and to your wonderful organization, a message of thanks from the wounded soldiers of General Hospital No. 1, all voiced in a body. We thank you for your own personal and successful efforts for the many, varied and goodly entertainments that you always provided for the Buddies.

Many thanks also to those wonderful women of Cardinal Farley's Club who so elaborately entertained the wounded men.

May God bless you all for your beautiful works and receive the thanks of the American Red Cross, through their humble servant,

THE AMERICAN RED CROSS, U. S. GEN. HOSP. NO. 1, NEW YORK CITY

JULY 16, 1919.

MR. HARRY O'GRADY, LOCAL REPRESENTATIVE, KNIGHTS OF COLUMBUS.

There has been more or less criticism at times concerning the work of the different organizations, as to the application of their activities in the way in which the public expected their donations to be used. As to whether these criticisms have been justified or not, is not my place to state in this letter I am writing to you.

However, at this time, I wish to go on record in saying that from my personal observations of the year that I have been at the U. S. A. General Hospital No. 1, I believe that the activities of the Knights of Columbus have been as near what the donors have expected, as could possibly be done in so large a field. The courtesies of their representatives, the broadness of mind of their actions have certainly been most commendable and I am sure are deserving of the thanks of the American public.

While my religious beliefs differ from yours, and I am a member of a lodge which is considered by the public, to be at least, not in accord with your organization, yet I feel it a privilege, unsolicited, to thus express myself about the work of you and your organization.

I shall always remember you, Harry, as a friend and trust that all your future activities may be as successful as your past in helping your fellowman.

AMERICAN CONSULAR SERVICE.

BREST, FRANCE, OCTOBER 7, 1919.

W. W. O'NEILL, ESQ., REGIONAL SECRETARY, KNIGHTS OF COLUMBUS, BREST, FRANCE.

MY DEAR MR. O'NEILL:

On the completion of your work as Secretary of the Knights of Columbus activities at Brest and on the eve of your departure for the United States may I join my voice with the countless others who are, and who have already, expressed their appreciation for the work which you have done here.

Situated as I am in Brest I have been in a position to observe closely the work done by the various welfare organizations here and its effect on the morale of the soldiers and sailors, and I wish to state unqualifiedly that the work done by the Knights of Columbus at this Base has been of the very highest order. The organization here has been one of the most efficient I have ever seen and the entire personnel of your force have been men who were possessed of the true conception of what the Organization stood for and what it strove to accomplish, and I want to say that they have at all times consistently upheld the K. of C. motto of "Service" with a spirit of gladness and willingness that I have seen nowhere else in France.

To you, and through you to the members of your staff here, all of whom I have known, may I be permitted to tell you of my sincere appreciation for the countless favors and kindnesses you have accorded me. Not being a member of the military forces, but simply an official of another branch of our government, I have been treated with the same courtesy that has gladdened the hearts of countless members of the American Expeditionary Forces.

In conclusion may I say to you personally that among the most pleasant of my recollections of Brest will always be my acquaintance with "Pop O'Neill." It is said "a man is known by the work he does" and I have seen the expression proved through yourself. The monument you have constructed in the hearts of all who have known you is one that many a man would envy, for in reality you have "builded better than you knew," and

you have done your building in the hearts of men regardless of race, nationality, or creed. Believe me when I say that my earnest desire is that some time in the near future we may meet again in our own country and renew the bonds of friendship which were forged here upon the soil of France.

Cordially yours,
(Signed) J. G. JORDAN, JR.
American Vice Consul.

JULY 27, 1919.

MR. WILLIAM O'NEILL, KNIGHTS OF COLUMBUS, RUE DE SIAM, BREST.

MY DEAR FRIEND:

The afternoon of July 30th will find me sailing away from Brest, and leaving you behind, but before I go, I want you to understand what it has meant to all of us to have your organization in our Camp.

The Knights of Columbus have never failed to make good in this Camp, and the cheerful and willing co-operation of all your associates has been one of the bright spots in our life here, particularly when conditions were not as good as they are now. It has been a pleasure to have been associated with your people, and I have nothing but the highest praise for you all. It is my sincere hope, for you personally, that I may be thrown with you again, and that you will never come my way without looking me up.

With the deepest gratitude and kindest wishes for your future, I am,

Most sincerely yours,
S. W. BUTLER.

As a remembrance of the deep gratitude of the citizens of Langres, France, the Mayor of that center decorated Albert B. Mahony, a Knights of Columbus worker from San Francisco, with the medal of the Arms of Langres.

REGULATING STATION "H," LIFFOL-LE-GRAND.
JUNE 6, 1919.

TO THE K. C. TWINS:

Now that the work at the station is almost completed and all of us are thinking of returning to God's country, one hears the remark of what a wonderful time we have had at Liffol.

These remarks come from both officers and enlisted personnel and it sets one to thinking as to the whys and wherefores.

There are only two reasons why the social affairs of the camp were so well taken care of and their names are Mr. George and Frank Beckley, the K. C. Secretaries at this station. Whoever was responsible for send-

ing these two live wires to us, sure knew what they were doing and the rank and file are certainly thankful to the powers that be, for doing so.

As to the Twins themselves. it would be impossible to give them all the credit which they are entitled to, for their untiring effort to show all a good time, furnish huts for us, daily newspapers, magazines, etc., for our comfort.

Their work to my mind stands out as a mark for a secretary of any Welfare organization to shoot at, and if there were any D. S. M's or Croix de Guerre or any other citations for their work, they sure would be in line for it.

TO WHOM IT MAY CONCERN:

This is to express a word of appreciation for the work Sam. Fitzpatrick of the Knights of Columbus has done for the 15th. Field Artillery. With us for about three months he has always given his time to the men and frequently gone out of his way to help them. Would say that they appreciate what he has done for them and this is putting it mildly. I know every man with the 4th. Bn., 15th. Field Art. would have written just what I am writing now if he had thought of it, but I am writing for them and express their appreciation of Sam. Fitzpatrick.

HEADQUARTERS, SECOND REGIMENT OF ENGINEERS, AMERICAN EXPEDITIONARY FORCES.

JULY 14, 1919.

MR. FRANK R. SULLIVAN, 16 PLACE DE LA MADELEINE, PARIS, FRANCE.

MY DEAR MR. SULLIVAN:

As the day of our departure from Germany draws near I should like to express to you for the regiment its great appreciation of your service with it. By the establishment and operation by the K. of C. of the Recreation Hut and garden, you have contributed very materially to the comfort and well-being of the men of the regiment. You have been untiring in securing supplies of all kinds for distribution, and your efforts have most certainly been successful. I hope that we may see you again at the Port of Embarkation and that you may accompany the regiment to the States. It has been a pleasure to have you with us.

From: THE COMMANDING OFFICER, 4TH INFANTRY.

To: THE COMMANDING GENERAL, AMERICAN E. F. (Thru MC)

Subject: Return of K. of C. Secretary to the U. S. with the Fourth Infantry.

1. It is requested that Mr. Robert Paro, Knights of Columbus Secretary, be authorized to return to the United States with the Fourth Infantry. Mr. Paro has been on duty with regiment since the early part of February 1919, and has rendered excellent service. He has been energetic and painstaking in providing amusements, recreation and supplies of various kinds to the men of this command and has endeared himself to all who have come in contact with him.

Mr. Paro is desirous of return to the United States with this regiment and his desire is heartily endorsed by all of the officers and men of this command. It is hoped that this request can be granted.

G. A. HERBST,
Colonel, Fourth Infantry.

MAY 1, 1919.

MR. HUGH D. BOYLE, K. OF C. SECRETARY, ST. OUEN-EN-BELIN, FRANCE.

DEAR FRIEND MR. BOYLE:

On behalf of the men of Co. L. 320th Infantry the writer wishes to take this opportunity to thank you for the excellent treatment and good work done for each and every member.

The work your organization has done has not been excelled by any other welfare organization in the A. E. F.

We have received large quantities of candy, tobacco, both chewing and smoking, cigarettes, reading and writing material, athletic goods, etc. We have not been tendered such courtesies by other welfare organizations.

On the eve of our departure to the U. S. A. we find our hearts heavy because of friends we are leaving behind. We will miss you on our journey home, but our loss is another's gain, and thus as you have made us happy so shall you go on with your noble work until your task over here is finished.

We wish you greater success in the future, if such a thing is possible, and a better field to work in than that of a combat division, which we well realize is not a very pleasant field.

Again thanking you for your courtesies and assuring you that "Casey" will never be forgotten by members of this Company, I am,

Very truly yours,
(Signed) E. B. GREUEL,
1st Sergeant Co. L. 320th Inf.

COMPANY "K," 320TH INFANTRY, AMERICAN EXPEDITIONARY FORCES.
FRANCE, MAY 12, 1919.

TO WHOM IT MAY CONCERN:

These few lines are written as a means of showing the appreciation of the members of Company "K," 320th Infantry, towards Mr. Hugh (K. C.) Boyle, a representative of the Knights of Columbus.

Our acquaintance with Mr. Boyle has been a very pleasant one and we found him untiring in his efforts to get supplies, etc., for the boys to help break the monotony of our stay in France. Not only did the Knights of Columbus furnish the boys with thousands and thousands of cigarettes, cakes of chocolate, chewing gum, smoking tobacco, hard candy, etc., but they also had in mind the Athletic necessity and it was through their efforts that we boasted of having new balls on hand, to say nothing of the many gloves, etc., that go to equip the teams.

Then again Mr. Boyle's personality was a valuable asset for any group of men to have among them and his presence was always welcome.

There is only one thing that we are all sorry for and that is that Mr. Boyle was not with us sooner as our stay over here would have been more pleasant.

We could write a book on the hundred and one things that Mr. Boyle has done for us and for which we owe him many thanks, but it could never convey the feelings of the men of this organization towards him.

Mr. Boyle has the best wishes of all the members of this Company and we regret that he can not be one of us and go back to the good old U. S. A., along. At that we hope he will soon follow us and that some of us (at least) have the pleasure of running across him at home.

Sincerely,

(Signed) CHARLES G. DEEL.

HEADQUARTERS SECOND DIVISION, AMERICAN EXPEDITIONARY FORCES,
UNITED STATES ARMY POST OFFICE NO. 710.

HEDDESDORF, RHEINISH PRUSSIA, GERMANY, JULY 11, 1919.

MR. WILLIAM J. SMITH, FIELD SECRETARY KNIGHTS OF COLUMBUS, HEADQUARTERS, SECOND DIVISION, U. S. ARMY, P. O. 710, GERMANY.

MY DEAR MR. SMITH:

I take pleasure in expressing to you, and through you, to your assistants associated with you, the appreciation of the Division Headquarters — Officers and Men — for the efficient, cheerful and loyal manner in which you have conducted the welfare work of your organization while attached to this division, covering a period from January 20, 1919 to date, when the movement of the division to the United States is about to begin.

Your tireless and energetic efforts in connection with welfare work have contributed greatly to the development and maintenance of contentment and morale among the troops of this division.

Your work has been valuable and you are to be congratulated on the excellent results you have obtained while in this division.

(Signed) HUGH MATTHEWS,
Lieut. Col., General Staff, A. E. F., A. C. of S., G–1.

HEADQUARTERS PORT OF EMBARKATION, PORT MORALE OFFICE, ARMY SUPPLY BASE, NORFOLK, VA.

AUGUST 28, 1919.

MR. JOHN BYRNE (GEN. SECY.), KNIGHTS OF COLUMBUS, NEWPORT NEWS, VA.

MY DEAR MR. BYRNE:

As the Port Morale Office is to be immediately discontinued and its personnel discharged, I take this opportunity on behalf of the Commanding General to express his sincere thanks to you, and through you to your organization and associates for the splendid services given to the troops of his command.

Under your direction and that of your predecessors, the Knights of Columbus have been most active and constant in initiating and developing activities which have been of very great value in building up and sustaining the morale of the troops, and in contributing to their happiness and comfort as men. Your organization, your associates and yourself are greatly to be commended for the energy, ability and vision with which you have carried on your work in the limits of this command. Your activities on the troop transports have also been of great value in stimulating the spirits and advancing the welfare of the returning troops.

The Commanding General feels also that the fine co-operation between the personnel of the Army and Navy at this Port has in no small measure been promoted by the work of your organization.

May I also express to you the pleasure it has given me personally to have been to some extent associated with you.

With best wishes, I am,

Very truly yours,
PAUL B. JOHNSON,
Captain, Medical Corps, U. S. A., Port Morale Officer.

P. S. There will be a Camp Morale Officer in the Army Supply Base, Camp Stuart and Camp Hill as long as there are detachments of the 12th Infantry there.

KNIGHTS OF COLUMBUS HDQRS., 16 PLACE DE LA MADELEINE, PARIS, FRANCE.

GENTLEMEN:

During a recent visit to Reims in search of the grave of a class-mate and pal of mine, which was given me as being located at St. Etienne-à-Arnes,

Ardennes, and being unable to get out to said town due to the lack of railroad transportation, which has not yet been resumed, I inquired at your headquarters at Reims for information, and was given immediate attention and all the courtesy that could possibly be given.

Due to the untiring efforts of your secretaries, Mr. Napoleon La Fleur and Mr. Thomas T. Donohue, the trip was made, under the most trying conditions, as the roads that we had to travel over still showed signs of the terrific fighting and at times it seemed as if we would have to turn back. However, after three hours of the worst kind of riding we found our objective.

Words cannot express my deep appreciation of and gratitude to the abovenamed men for the time and trouble they went to, and were the dead boys' folks here I am sure that they would join me in thanking you for the courtesies extended.

Thanking you again and wishing you the best ever, I remain,

Yours respectfully,
(Signed) A. E. MESSINGER.

CAMP HOSPITAL, CAMP DIX, NEW JERSEY.

OCTOBER 23, 1919.

MR. WILLIAM J. MCGINLEY, SUPREME DIRECTOR, KNIGHTS OF COLUMBUS, HEADQUARTERS, NEW HAVEN, CONN.

DEAR SIR:

Realizing that the various welfare organizations are to cease their function with the Army on the thirty-first of this month it occurred to me to offer a letter of commendation to your representative at this hospital, Mr. J. W. Conroy, of 96 Morgan Pl., Arlington, N. J.

He gave me your name when I asked for the Headquarters of the "K. C."

It gives me no little pleasure to tell you about the service "Jack," as the boys know him, has rendered; not only because he has distributed regularly and honestly the many comforts your worthy organization has provided for the sick and wounded of the Army, but because of the personality he has put into every package and the time he always has for errands, letter-writing and favors generally for the boys.

Jack has played no favorites; the wayward chaps in the G. U. Wards and the patients in the highly contagious Wards receiving his benefactions just the same as the rest, though complying, of course, with hospital regulations as to entering these Wards.

I have asked him if he has a position to accept when he is relieved from his present work and he tells me he has not. It would be gratifying to me to know Jack will be able to obtain useful and lucrative employment which he so richly deserves, when he returns to "civil" life.

Both he and his wife, who, by the way was a Red Cross Worker in France fourteen months, will leave a host of friends here in Camp Dix who will hold the name of the K. C. in reverence as long as the memory of the War shall last.

JAMES E. PHILLIPS,
Major, Med. Corps, Chief of the Medical Service.

PARIS, FRANCE, MARCH 1, 1919.

From: CINEMA DEPARTMENT, W. A. MORTON.

To: K. OF C. SECT'Y, JOSEPH A. MONAHAN.

Subject: Cinema Equipment.

The undersigned has received from Joseph A. Monahan, one electric generator and one complete projecting machine.

The above equipment is of German make and was used by them in the trenches and was confiscated by the 37th Engineers.

Upon the departure of the 37th Engineers for the States, they, by a unanimous vote, presented this equipment to Knights of Columbus Secretary, Joseph A. Monahan.

This equipment is now on storage in the trunk room at the Knights of Columbus Warehouse, 21 Boulevard Malesherbes, Paris.

Very truly yours,
(Signed) W. A. MORTON,
Cinema Department.

CAMP PONTANEZEN, BREST, FRANCE.

OCTOBER 1, 1919.

W. W. O'NEILL, KNIGHTS OF COLUMBUS, BREST.

MY DEAR BILL O'NEILL:

Ever since the 10th of last January, when you waded through the mud and water to our tent — not to get out of the rain and sleet, but to inquire what you could do for us — our relations have been close and friendly; and now we are about to close the big show.

The Knights of Columbus have accomplished a great work here, and have been instrumental in making Camp Pontanezen the greatest camp in the world. That great work has been done always with a cheerful spirit — and, believe me, at times it was not the easiest thing in the world to be cheerful, owing to certain climatic conditions with which you are famliar. Our requests have always met with: "Sure. How much, and where shall we send them?"

For your personal services, Bill O'Neill, we can never sufficiently thank you, and you can never be repaid. Every act you have done has been good, and every soldier who knows you is proud to be called your friend. You have done many good acts which only a few of us know about, and you have been unselfish and generous in the extreme.

It has been a great pleasure to have been associated with you and your boys. With me for you and your boys it will always be "Everybody Welcome."

Sincerely,
(Signed) W. H. ROBERTS,
Major, Infantry, Welfare Officer.

AMERICAN EXPEDITIONARY FORCES, HEADQUARTERS SERVICES OF SUPPLY, OFFICE OF HEADQUARTERS COMMANDANT

JULY 18, 1919.

From: O. HQRS. COMDT. HQRS. S. O. S.

To: MR. WELDON, K. OF C.

1. I wish to express to you my appreciation of the service which you have rendered at this post as a representative of the Knights of Columbus. The personnel of this post has received the utmost consideration from your organization which has been due largely to your untiring efforts and your desire to be of the most benefit possible to the American soldiers.

GEO. VAN ORDEN,
Colonel, U. S. Marines, Headquarters Commandant.

ATLANTA, GA., OCTOBER 4, 1919.

SECRETARY MCBENNETT, KNIGHTS OF COLUMBUS, 461 FOURTH AVENUE, NEW YORK CITY.

MY DEAR MR. MCBENNETT:

Will you please pardon my taking the liberty of writing you to tell you how highly I think of one of your men who was attached to my battalion of the 326th Infantry during the St. Mihiel and Meuse-Argonne operations? The man to whom I refer, is Mr. Charles J. Stuart. Too much praise cannot be given him. Throughout the St. Mihiel fight, he was constantly with the men, rendering them aid under the most difficult circumstances. Later, in the Argonne Forest, his work in caring for the wounded of the 35th Division the first two days of the drive in the extreme front, where the Germans had our boys pinned in the holes, was commendable.

When our battalion was in the line, he displayed remarkable courage and fortitude, and was most highly admired by both men and officers.

Trusting that you may be pleased to know how highly we think of Mr. Stuart, I am,

Very gratefully yours,
CLARK HOWELL, JR.

HEADQUARTERS FIRST DIVISION, AMERICAN FORCES IN GERMANY, DIVISION CHAPLAIN'S OFFICE.

NEUWEID, GERMANY, AUGUST 12, 1919.

MR. JOSEPH A. MONAHAN, SECRETARY, KNIGHTS OF COLUMBUS, HEADQUARTERS FIRST DIVISION, GERMANY.

MY DEAR MR. MONAHAN:

On the eve of the departure of the Division for Home, I want to thank you and the men associated with you for the work which your Society had done for the men of this Division. Your club-house at Montabaur was a great boon to all troops stationed there. When Division Headquarters moved to Neuweid, we realized that we would be here for a

comparatively short time but nevertheless you had your clubrooms repainted and put into excellent condition as though we were going to remain here for a long time. The men, I am sure, appreciate what you have done for them and are deeply grateful to you for the same.

I must also add my personal thanks to you for the kindness which you have shown to me. I hope that you will have a very pleasant visit in England and a fine trip across the pond.

Very sincerely yours,
OLIVER J. HART,
Division Chaplain.

AUGUST 21, 1919.

MR. MICHAEL S. HOGAN, 105 WEST 40TH STREET, NEW YORK CITY, N. Y.

DEAR SIR:

I have just received your letter of August 9, 1919, which has evidently been delayed in the mails and explains the length of time elapsing before you will receive this reply.

I wish to extend to you my thanks and appreciation and that of the officers, midshipmen, and men under my command for the many courtesies and pleasures extended to us by the Knights of Columbus Committee on War Activities under your able direction during the visits of the Practice Squadron to New York. The candy and tobacco which you so generously furnished the ships have been thoroughly enjoyed by all hands.

Permit me to voice my appreciation of the wonderful work the Knights of Columbus are doing for the men of the services.

Very sincerely,
(Signed) ROGER WELLES,
Rear Admiral, U. S. Navy.

HEADQUARTERS, BRITISH MILITARY MISSION TO SIBERIA.

VLADIVOSTOK, JULY, 8, 1919.

THE SECRETARY, KNIGHTS OF COLUMBUS, VLADIVOSTOK.

DEAR SIR:

On behalf of the N. C. O's. and men of the British troops in Vladivostok, I wish to thank your Society for their kindness and generosity in sending them complimentary tickets for the performances of the Bandvard Company, at the Solitari Rog Theatre. I can assure you that your thoughtful action is much appreciated by myself and all ranks of this Mission.

Yours faithfully,
ALFRED KNOX,
Major General, Chief of the British Military Mission.

STATE AND TERRITORIAL DEPUTIES

THE State and Territorial Deputies of the Knights of Columbus were leaders in the efforts of the Order in their respective States, not only for the war relief work and the campaigns for funds to support that work, but in every other patriotic endeavor, including Government thrift campaigns, demobilized men's employment "drives" and all manner of war and reconstruction activities. They were the accredited agents of the Order in its war activities. Their names are appended as an official recognition of their services, rendered meagre by sheer limitations of space. But in giving their names the authors feel that they are guaranteed what they have merited—a permanent memorial to their patriotic usefulness.

The last American to fall.

FOREWORD
TO
ROLL OF HONOR

THE war service record of the Knights of Columbus presented in the first volume of this history contains abundant evidence of the splendid support given to the Government in the war with Germany. But this record, imposing and even unique, is not complete without a record that is not less imposing, a record that certainly adds to overflowing to the measure of merit which earned from Cardinal Gibbons the imperishable tribute to the Knights of Columbus, "They are our joy and crown."

Below, without any designation of rank — be they officers or enlisted men, is presented the roster of the Knights who served with their country's colors in the war. Rhetoric is vain before so overwhelming a record of practical patriotism. Hundreds of the men whose names are printed here, lie buried in France. They gave the last, full measure of devotion. Hundreds more were wounded. Thousands served under fire. But whether in the trenches, on the seas, or in the camps at home, all did their duty.

It is a striking coincidence that the first American to fall in the war was a Knight of Columbus and that the last American to fall was also a Knight, and that the first man to win the Distinguished Service Cross was a Knight.[1] Space permits nothing but the mere printing of the name of each of these Knights who answered the last great call to chivalry. Many volumes could not contain the full story of their sacrifice for their country.

N. B. — To each group of courses which does not include History, there is to be added a course in American History, as this is a required subject for all Knights of Columbus Scholars. The courses set down for each student in the foregoing list are those for which he received credit towards a degree. In nearly every instance the student took other courses either for the purposes of general culture or by way of supplement to his main line of study.

APPENDIX

THE subjoined report of the Supreme Board of Directors to the Supreme Convention of 1919 was acclaimed by the press as one of the most remarkable documents issued by any war relief agency. With business-like exactness it gives in detail the Knights of Columbus stewardship of the fund entrusted to their Order's care, and is also the means of conveying to the reader of this book what could not easily be included in the running story of war endeavor, the location and extent, in numbers of buildings and men, of the Order's work in the camps. In the words of the New York *World* it is "a splendid record of efficient service." In it may be noted the unusually large expenditure for free creature comforts for service men — the Knights of Columbus spending more than all other war relief organizations combined, in this supremely important division of relief work.

TO THE SUPREME COUNCIL:

Submitted herewith is the report of the Board of Directors covering the War Work of the Knights of Columbus for the fiscal year ending June 30, 1919.

Our activities during the period under review have been conducted in accordance with a budget submitted to and approved by the War Department in September, 1918. This budget covered the fiscal year ending June 30, 1919, and became the basis of our participation in the United Drive for funds in November, 1918. Later the budget was amended to extend over a period of fifteen months ending December 31, 1919, and in the light of changed conditions due to the signing of the Armistice, was somewhat further revised, submitted to and finally approved by the War Department in March, 1919.

The original budget estimates and percentages of the seven welfare organizations as submitted to and approved by the War Department, in connection with the United War Work Campaign were as follows:

		Per Cent
National War Work Council of the Young Men's Christian Association	$100,000,000	58.65
National Catholic War Council (Knights of Columbus)	30,000,000	17.60
War Work Council of the National Board of the Young Women's Christian Association	15,000,000	8.80
War Camp Community Service	15,000,000	8.80
Jewish Welfare Board	3,500,000	2.05
Salvation Army	3,500,000	2.05
American Library Association	3,500,000	2.05
	$170,500,000	100

Of the amount allotted to the National Catholic War Council, $25,000,000, or five-sixths, was assigned to the Knights of Columbus. As finally revised the budget was approved for the same relative amount but the period contemplated originally (July 1, 1918, to June 30, 1919) was changed to begin on October 1, 1918, and to extend to December 31, 1919, and the amounts included in the earlier budget for the various purposes set forth were revised correspondingly and also to meet the somewhat changed requirements caused by the cessation of hostilities.

The total amount pledged in the United Drive up to December 31, 1918, was $205,180,793, or an oversubscription of 20.3 per cent. Although the budget as finally revised and approved included this oversubscription, it is doubtful if much more than $170,500,000, the original amount of the combined budgets of the seven organizations, will be collected.

RECEIPTS

All our war funds have been audited to June 30, 1916. The six months' period ending December 31, 1918, was audited by Haskins & Sells, Certified Public Accountants; the six months' period ending June 30, 1919, was audited by Marwick, Mitchell, Peat & Company, Certified Public Accountants, which latter firm through its Paris and London branches is completing its work on our foreign operations.

The first payment from the United War Work Campaign was received by the Knights of Columbus in January of this year in the sum of $5,000,000, and $17,000,000 has been received to June 30, 1919. To this amount should be added sundry receipts amounting to $6,056,930.85, received directly by the Knights of Columbus on account of pledges and contributions made before the United Drive, thus providing total receipts which together with the cash balance of $5,287,969 brought forward from the period ending June 30, 1918, amounts to $28,344,899.85 for the year. The total receipts from beginning to date from all sources are $30,564,792.31.

DISBURSEMENTS

The total disbursements for the fiscal year are $16,794,552.41. Of this amount $15,018,143.41 is applicable to the United War Work Campaign Fund and $1,776,409 is applicable to other Knights of Columbus War Funds and which are referred to herein as Pre-Drive Funds.

The unexpended funds, aggregating $11,550,347.44, consist of $2,112,151.46 cash balance of United War Work Campaign Funds and $5,788,195.98 cash and $3,650,000 investments, both of which constitute the unexpended balance of the Knights of Columbus Pre-Drive Fund. From the unexpended balance of the United War Work Campaign Fund should be deducted outstanding obligations amounting to $1,973,608.59, thus leaving a balance of $138,542.87 as of June 30, 1919, for future activities. It is estimated that a total of about $3,500,000 will be required for purposes of finally closing out the work. An application for a remittance of $5,000,000 from United War Work Funds in the possession of the Treasury of the National Catholic War Council has been made to defray the estimated expenses for the months of July and August.

STATEMENTS AND CHARTS

A Summary Chart of Service in United States showing total disbursements of year ending June 30, 1919, under major budget classification headings, and a similar one showing disbursements for the year ending June 30, 1918.

A Statement of Receipts and Disbursements for the year ending June 30, 1919, and a Statement of Expenditures for the two years ending June 30, 1919, are included herewith. As a part of the report there are also submitted the following statements and charts.

Statement of Condition of Budget Appropriations as of June 30, 1919, showing original appropriations, expenditures, amounts unexpended, obligations and unencumbered balances.

A Summary Chart of Service overseas, by major budget account classifications showing total disbursements for the current period and a similar one for the previous period.

Organization Charts showing the function of each organization unit.

DISBURSEMENTS ON ACCOUNT OF ACTIVITIES IN UNITED STATES

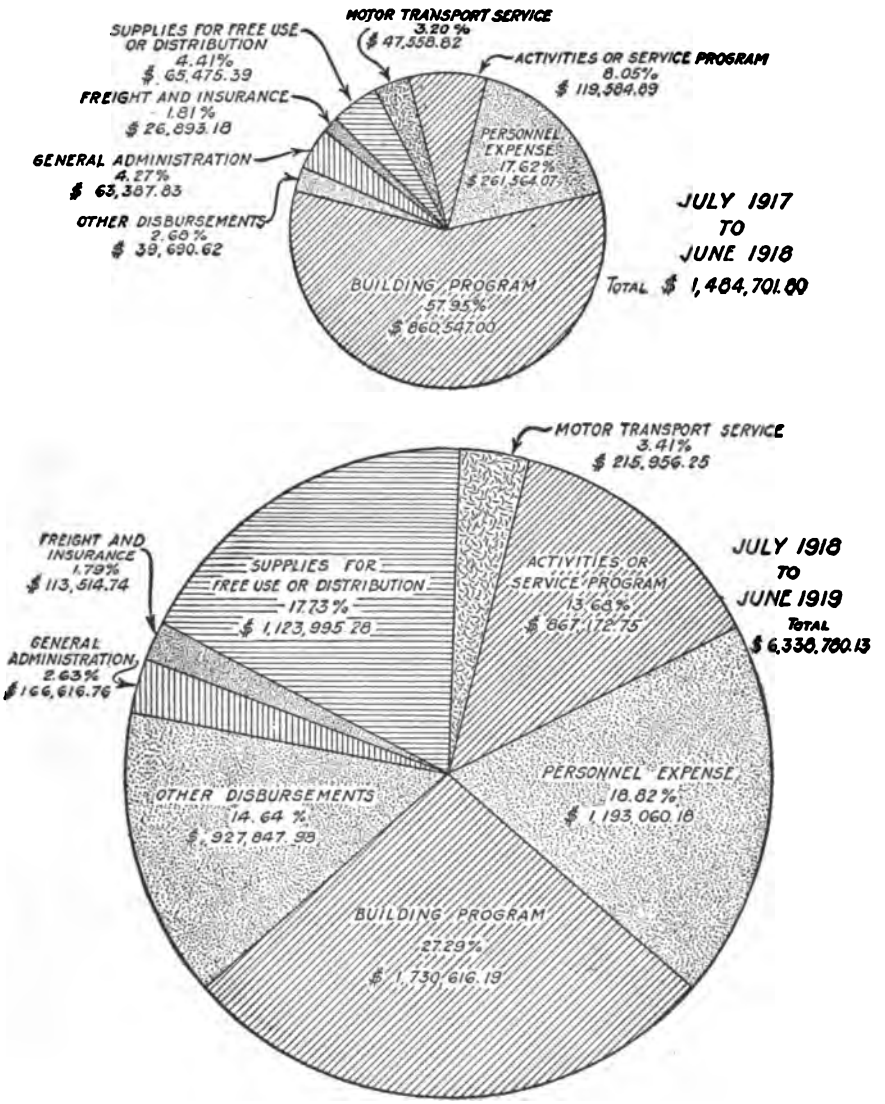

Chart showing amounts expended for all purposes for fiscal year ending June 30, 1918, in proportion to total, and amounts expended for same purposes during fiscal year ending June 30, 1919, also in proportion to total. The totals expended for the two years are in the same proportion to each other as the areas of the two circles.

WASHINGTON OFFICE.

FUNCTIONS

Supreme Knight and Board of Directors.

In general charge of all work of the Order and determine policy.

Committee on War Activities.

In direct charge of War Activities of the Order under the supervision and control of the Supreme Knight and the Board of Directors.

In this Committee is concentrated control over all activities necessary for their proper operation.

Service in the United States.

The activities in the United States consist in procuring funds, supplies and personnel necessary to provide educational, recreational, entertainment and employment facilities throughout the United States, at camps, hospitals and community centers without distinction as to race, color or creed, for all military and naval forces of the United States, and include the erection of buildings and the furnishing of equipment. For this purpose three offices are maintained, one in Washington, one in New York and the main office in New Haven.

The Washington office is maintained to establish a point of contact with the Governmental Departments having to do with the operation of our service.

The New York office is the foreign department in the United States for overseas service, purchases and forwards supplies abroad, recruits secretaries for overseas and for transport service. Bro. William P. Larkin is in charge of this office.

The New Haven office, the headquarters of the Order, controls through the Committee the extent and direction of all activities.

Overseas Service.

The work overseas is in charge of two commissioners, Messrs. Lawrence O. Murray and Edward L. Hearn, and is directed from the main office in Paris, with branch offices at London and Coblenz.

These activities consist in providing service somewhat similar to that provided in the United States.

General Administration.

General administrative business is conducted under the direction of the Committee on War Activities, the Supreme Secretary and through Divisions, Bureaux and Departments organized for that purpose.

RECONSTRUCTION AND EMPLOYMENT SERVICE DIVISION.

Bro. Peter W. Collins in charge.

Plans employment drives, provides literature, collects statistics, handles correspondence and exercises general control over the service.

COMMUNITY CENTER SERVICE DIVISION.

Bro. Jos. T. Koennecke, in charge.

Exercises general control over services rendered at community service centers, huts and council homes. Obtains periodic reports and collects statistics of activities.

EDUCATIONAL SERVICE DIVISION.

Bros. M. J. Downey and G. M. Hayes, in charge.

Supervises educational activities at points where established and provides equipment, supplies and personnel in co-operation with the Department Director.

BUILDING CONSTRUCTION AND EQUIPMENT DIVISION.

Bro. Wm. A. Guggolz, in charge.

Plans and supervises the construction and repair of buildings and the equipping of same along standardized and uniform lines.

PURCHASE DIVISION.

Bro. Wm. F. Fox, in charge.

Obtains prices and issues purchase orders for all material, equipment and supplies.

SALVAGE DIVISION.

Bro. Wm. J. Akin, in charge.

Is in charge of the final disposition of buildings, supplies and equipment previously purchased by the Knights of Columbus for which there is no further availability. This work is done in co-operation with the War Department.

PERSONNEL DIVISION.

Bro. John J. O'Neill, in charge.

Maintains records of all employees, showing names, addresses and date of appointment, date service ceases, transfers and salaries. This division co-operates with the Department Director's office in the employment of the various camp and community workers. It receives and investigates all applications for employment and through the Department Director assigns the employees to the various points.

DEPARTMENTAL DIRECTION DIVISION.

Bro. Wm. J. McGinley, in charge.

This division supervises the general operation of work at camps, including recreational activities such as lecture courses, theatrical and musical entertainment, athletic and other activities tending to promote the social and reactional side of camp life and the physical welfare of the forces.

DIVISION OF AUDIT AND ACCOUNT CONTROL.

Bro. P. A. Johann — Comptroller, in Charge.

Consists of seven sections performing functions as indicated: Maintains complete and adequate accounting records necessary for furnishing reports; controls the accounting for funds received and expended and for supplies purchased and distributed; prescribes and furnishes the forms and records to be used.

Accounts Section.

Maintains records of receipts and disbursements in accordance with budget classification; accounts for funds, equipment, supplies and obligations.

Audit of Disbursements Section.

The work of this section includes the checking of items of disbursements, establishing that they are in accordance with the appropriations, budget classification and that they are valid claims and in proper form for payment.

Field Audit Section.

Supervises the work of traveling auditors assigned to check and verify funds and disbursements at the offices of the Department Directors, at camps and community centers and elsewhere.

Camp Records Section.

Maintains records showing in detail expenditures made in connection with service rendered, the amounts expended under each budget classification at each camp, community service center or other organization unit.

Correspondence and Files Section.

Handles all correspondence of this Division and maintains files of vouchers, correspondence and reports.

Supplies and Warehouse Section.

Exercises central control over distribution of supplies by seven warehouses located at Boston, New York, Washington, Newport News, Savannah, St. Louis and San Antonio; maintains central control records showing supplies requisitioned, purchased, delivered and issued by each warehouse, makes reports showing how supplies are distributed and provides for maintenance at all times of the minimum quantity at each warehouse to provide for all the requirements of the district in which the warehouse is located. All requisitions for purchases or distribution of supplies pass through this division.

General Administration.

The overhead charges for conducting the war activities have been kept at a minimum. While the general administration expense for the fiscal year represents 2.63 per cent of the total disbursements this has been fully met by the total of cash discounts earned by prompt payment of bills and the interest earnings which together considerably exceed this expense. Indeed the amount of cash discounts is of itself more than sufficient to defray the cost of maintaining the entire Division of Audit and Account Control.

Furthermore the free service of councils and members of the order at large has been a tremendous factor in keeping down administration expenses..

Operations.

For the purpose of providing Field Service the United States has been divided into four divisions, one for each Government Military Department with the exception of the Eastern and Northeastern and the Central and Southern Departments, which are combined into one department each.

A Department Director is in charge of each department with an office located as follows:

EASTERN AND NORTHEASTERN DEPARTMENT:
Daniel J. Sullivan, Department Director.
M. E. Brodrick, District Supervisor.
Thos. P. Connor, District Supervisor.
Jas. Cunnion, District Supervisor.
Michael S. Hogan, District Supervisor.
Thos. Neary, District Supervisor.
William T. Ring, District Supervisor.

SOUTHEASTERN DEPARTMENT:
M. J. O'Leary, Department Director.
J. E. Cummings, District Supervisor.
Geo. F. Grey, District Supervisor.
Edmund T. Lenihan, District Supervisor.

CENTRAL AND SOUTHERN DEPARTMENT:
Wm. J. Moriarty, Department Director.
John E. Barry, District Supervisor.
J. Elmer Fox, District Supervisor.
P. J. McCarthy, District Supervisor.
T. F. O'Connell, District Supervisor.

WESTERN DEPARTMENT:
A. G. Bagley, Department Director.
Jas. J. Gorman, District Supervisor.

Each Department Director is assisted by District Supervisors who have headquarters located at convenient points in each district within the Department and who work under the direction of the Department Directors.

The Department Director has immediate control, management and responsibility of all camps and other organization units in his department, and consults with the Personnel Division with reference to the employment and discharge of all secretaries and other employees within his department.

The office of the Department Director is furnished with funds sufficient to pay direct all minor and urgent expense bills, and to reimburse funds at camps for petty cash disbursements. Each Department Director is adequately bonded.

The Department Director co-operates with the Division of Building Construction and Equipment with reference to needs in this direction and through his supervisors reports upon all applications for construction.

The activities of this department consist in providing supplies, educational, recreational, entertainment and employment facilities for the maintenance of the mental and physical welfare of the forces.

A general camp secretary assisted by assistant camp secretaries is in immediate charge at each camp.

The following lists show by departments, the location and name of each camp, community center or employment unit, exclusive of council homes, the number of buildings located in each place and the number of secretaries.

RECONSTRUCTION AND EMPLOYMENT SERVICE

In the early Summer of 1918 the Committee gave much consideration to certain features of the work which of necessity should be taken up at the close of hostilities, among others the Reconstruction and Employment Service. Appreciating not only the services our men were rendering to their country and to civilization, but realizing their value to the future of our country as citizens and as workers in industrial, professional and business life, the Committee consulted Brother Peter W. Collins, at that time in the service of the Government as an Industrial Expert, and he submitted a comprehensive plan for our participation in this work.

When demobilization began, the Committee immediately turned its attention to finding jobs for these men upon their return to civil life. The plan included a nation-wide machinery made up of Subordinate Councils, Camp Secretaries, Community Service Centers and our Secretaries on the transports bringing the returning troops from overseas. Through these means a trained personnel was organized and directed into real job-finding groups. Moreover, our members everywhere were urged to get behind every movement that would quicken the industrial life of their communities, minimize social unrest, and help to restore the country to normal conditions. This service has been aimed not only to secure jobs for the returning boys, but in a reconstructive way to aid in their self-development, to help the cause of production, to promote right industrial relations and to bring about real Community Service.

There is abundant evidence on every hand of the character and extent of this work of the Order. Without going into detail at this time and without attempting to give anything like complete data, one example might be cited as indicative of many others, showing the active participation of councils generally, and reflecting the sustained patriotic spirit of the members of our Order. In the month of January of the present year, Gilmour Council No. 310, Cleveland, Ohio, subscribed through its membership the sum of $12,650.00 for the purpose of establishing and maintaining a Knights of Columbus Employment Office in the Public Square of that City. The splendid story of the fine work accomplished in this direction will never be related in its entirety, for in hundreds of places the work that was done in placing the demobilized men in positions, without regard to race or creed, was largely a private and personal matter between the individual members of our Society and the service men, and has never been recorded.

State Deputies and Subordinate Council Officers throughout the country co-operated with our Employment Secretaries in the matter of placing service men about to be discharged and desiring employment, and concerning whom previous information had been forwarded by Secretaries on transports and at the various demobilization camps.

The Department Directors, under whose supervision principally the employment work was conducted, and our Secretaries in camps and on transports, and State and Council Officers throughout the country were plentifully supplied with form letters, cards, folders, pamphlets, etc., all necessary for their effective and efficient co-operation in the employment work. Many letters, pamphlets and other pieces of literature were furnished to newspapers and magazines, to Chambers of Commerce, Labor Organizations and thousands of Industrial Concerns and business men. Mailing lists, giving addresses of our Camp Secretaries and Council Officers were furnished to the Government Bureaus of Labor, of Education, of Vocational Training and War Risk Insurance which has resulted in our being able to render valuable co-operation to the Government.

Wherever located, our Employment Bureaus have acquired a place of leadership in the finding of jobs for the soldiers and sailors. Employers have shown their appreciation of the service rendered by us, which has been a great encouragement to our representatives who have called upon them in behalf of the men in the service. Likewise the representatives of the Government, who have cognizance of matters connected with welfare work for men in the service, have indicated their approval of our efforts.

The plan of intensive drives for jobs, inaugurated in New York City with such success, has met with equal success in Philadelphia, Boston and other cities, and the plan is being gradually extended on a nation-wide basis, particularly in the great industrial centers of the country.

Our work up to the present time in finding jobs for men in the service may be summarized by saying that we have placed approximately 55 per cent of the demobilized men who have registered at our Employment Bureaus. In many places we have been able to place 100 per cent of registrants. In others we have found places for several times the number of men registered. Many positions offered could not be filled for one reason or another — lack of training, experience or other qualifications required, or that prospective applicants would not accept positions at wages offered.

In the Western States, particularly in the great agricultural sections of the country, the returned service men have experienced little difficulty in finding employment upon their return to civil life. In the Eastern part of the country the labor situation has been very acute, and here our representatives have been put to the

greatest test. The discharged service men depend upon our service particularly for aid in being brought in contact with employers. Our "Seeing Them Through" program has placed a great responsibility upon us, and this responsibility could not be properly discharged by having the direction and control of this phase of our war work turned over to the representatives of other organizations. We have always endeavored to co-operate with all other Agencies active in this job-finding task, but we have in the main followed the plan that, being responsible to the public for the proper conduct of our war work, where the needs and conditions were such as to require considerable effort, the activities of our Society in connection with the job-finding task should be conducted under our own name, and hence we have insisted that the identity and individuality of the Knights of Columbus as an organization engaged in War Service should be attached to our efforts. This policy has also enabled us to properly co-ordinate and direct the activities of our Society through the State and Subordinate Councils, Department Directors and Secretaries.

Space does not permit including in this report the words of appreciation and commendation that have come to this Organization from Leaders in the Industrial World; from Chambers of Commerce; Boards of Trade and Manufacturers' Associations; from Employment Managers and from Leaders of Labor Organizations, all cheerfully pledging their assistance in what they term "the extremely practical undertaking of the Knights of Columbus in addressing themselves to one of the most difficult problems of reconstruction." The following statement of registrations and placements in a number of localities, while not complete and not fully covering by any means the various points where our service has been in operation, will sufficiently indicate the general situation throughout the country in respect to our employment activities:

EMPLOYMENT BUREAU STATISTICS COVERING ACTIVITIES IN FOURTEEN OF THE PRINCIPAL CITIES AND INDUSTRIAL CENTRES IN THE NEW ENGLAND AND MIDDLE ATLANTIC STATES

City	Registrations	Opportunities Found	Placements	Period for which Report is Made
1. New York	6,734	21,475	3,406	67 days
2. Philadelphia	3,179	10,797	764	49 days
3. Boston	2,862	6,715	981	23 days
4. Newark	1,499	1,543	1,241	82 days

14. Lynn	299	1,053	56	14 days
	21,643	48,464	10,595	

Conducting this work along the lines laid down as referred to above, we are able to perceive better how effective has been our aid to the service men on the one hand, and on the other how our Society when it finishes its war work will be able to return to the broad field of Social Service with a body of Catholic men trained and fitted to take a place of leadership in Social Welfare Work for the benefit of the people of this country, irrespective of creed.

The work of our Reconstruction and Employment Service should therefore be measured not alone by the wonderful help in a material way that we have been to service men during this tense period, but also by its potency for good in many directions; the encouragement which discharged service men have received by coming in contact with our secretaries and representatives, all of whom have applied themselves diligently and conscientiously to the task of finding employment; by our contribution to organized industrial effort; by minimizing social unrest, and not the least by the faith and confidence we have developed in ourselves as members of this organization of Catholic men, able and willing to face and help solve all problems affecting our rights and our duties as citizens and Catholics.

CAMP AND COMMUNITY SERVICE

Our first work in this country was in the National Army Cantonments, where the so-called huts or buildings were erected and secretaries and chaplains installed. Soon the work was expanded to cover the National Guard Encampments, Naval Stations and Training Camps. Entry was sought into the Regular Army Posts, into some of which we have never been able to secure admission; in fact there has never been a general permission for our service except in the case of the Navy.

All operations have, of course, been conducted under the supervision of the Commissions on Training Camp Activities of the War and Navy Departments, and it has been our aim to provide social, recreational and educational facilities for all the men in the service, and to provide for the spiritual welfare of those who desired it.

In addition to the work in the Camps, the needs of the men in the service have been provided for in practically all of the cities and towns adjacent to the larger camps, and in the larger cities through the medium of council homes and clubs operating as community center service stations.

The list of all these places throughout the country is shown on preceding pages of this report, setting forth the number of secretaries, number of buildings in operation on June 30, 1919, additional buildings under construction, and those discontinued during the year.

The Camp and Community Service rendered consisted in supplying writing material, musical instruments, moving pictures, theatrical entertainment, athletic and entertainment supplies and equipment and creature comforts, the latter particularly for the sick and wounded in hospitals, the returning overseas troops and for the men on transport trains. These creature comforts consisted in the main of such articles as cigarettes, tobacco, chewing gum, chocolate, candy, soap, handkerchiefs and sundry comfort articles.

An idea of the quantity and cost of some of these items which were supplied in the United States alone may be obtained from the following:

Athletic goods	$180,499 45
Hard candy, 187,111 pounds	33,680 12
Chocolate, 1,260,000 bars	67,360 24
Gum drops, 102,400 pounds	24,057 30
Chewing gum, 882,101 packages	35,284 04
Cigarettes, 9,924,057	99,240 57
Cigars, 51,000	2,716 18
Smoking tobacco, 3,500 pounds	23,097 53
Chewing tobacco, 151,200 packages	10,864 72
Stationery, 960,000,000 pieces	211,352 83
Moving picture machine and film service	559,301 23
Magazines	169,449 45

We have been particularly fortunate and happy in the service we have been able to render the sick and wounded boys in the hospitals through our secretaries

and workers, who have been most devoted in their attention and assiduous in their labors for the welfare and comfort of these splendid men. Many chapters might be written and much space consumed, perhaps profitably, did time permit in detailing the fine record of the service that we have been able to render in this particular branch of the work.

The expenditures for the various elements of the Camp and Community Service are set forth in the various statements submitted in this report.

SERVICE ON SHIPS OF THE NAVY

In addition to that service rendered in the Military and Naval Stations and at Community Centers, welfare work is also being done on behalf of the men on board the ships of the Navy.

Pursuant to a request from the Navy Department Commission on Training Camp Activities, the Knights of Columbus provided $118,349.97 of a joint fund of $528,-348.09 for the purpose of supplying athletic and recreational equipment to the ships.

Of the total cost for this service it was estimated by the Navy Department that some $300,496 would be required to furnish motion picture film service on the ships, and in addition $227,852.09 was needed in order to supply recreational and athletic equipment, as shown by the following résumé.

TRANSPORT SERVICE.

Similar service to that furnished for ships of the Navy was, until recently, rendered on board transports returning with men from overseas. In addition, a Knights of Columbus Secretary was assigned to each transport. Besides providing activities, these secretaries were furnished with supplies and comfort articles of every description.

The so-called morale parties on board transports consisted of one secretary each from the Knights of Columbus, Young Men's Christian Association, Jewish Welfare Board and Red Cross on board ships of 3,000 or less and one secretary each of the Knights of Columbus and the Jewish Welfare Board and two secretaries each of the Red Cross and Young Men's Christian Association on ships of over 3,000 capacity.

When organized, each unit elected a chairman and became relatively autonomous under the supervision of the personnel adjutant of the transport to which it was assigned.

By order of the War Department, all the secretaries on board transports were recently discontinued. Supplies are, however, still being distributed on board ships and consist of a joint gift box containing such supplies as a handkerchief, a bar of chocolate, pack of cigarettes, ½ lb. hard candy, etc., at a total aggregate cost of 92 cents which is paid by the Knight of Columbus, Jewish Welfare Board and the Young Men's Christian Association, in the proportion of their participation in the United War Work Campaign funds.

Under the heading of transport service is included the distribution of supplies and service rendered at piers on arrival of troop ships and on board troop trains; on these latter where permission can be obtained our secretaries accompany the trains to final destination.

EDUCATIONAL AND VOCATIONAL TRAINING ACTIVITIES.

For some time we have sought opportunity of installing Educational and Vocational Training Courses in connection with our War Service Work at the various places in this country where we are operating. Recently we were able to institute this service at Camp Devens, Mass., near Boston. A program was worked out in consultation with Mr. Michael J. Downey, Assistant Superintendent of Schools of the City of Boston, and Director of the Evening Schools in that City, a member of the Massachusetts State Board of Education, a well-known New England educator, an authority on the subject of "Americanization," and an active member of the Order, who strongly urged that the basic idea that we must keep in mind in this Educational Program is to establish definitely a policy of appointing none but certified instructors, and was successfully launched with Brother John C. Riley, Principal of Boston Public Schools, as Supervisor in charge.

Shortly after the installation of our Educational Work in Camp Devens, we were enabled to initiate similar service at Camp Dix, as set forth in the following order by the Camp Commander, Major General Harry C. Hale:

" MEMORANDUM TO ALL
ORGANIZATION COMMANDERS

HEADQUARTERS, CAMP DIX, N. J
July 16, 1919.

AN EDUCATIONAL OPPORTUNITY
WHY NOT GO TO SCHOOL?

THE CAMP SCHOOL, a gift of the Knights of Columbus to the enlisted men in Camp Dix is now open in Buildings Nos. 722 and 724, which are on Eighth Street between New York and New Jersey Avenues.

FREE SCHOOL Everybody welcome and everything free. All supplies and equipment, including books, are given to you.

ENROLL NOW Take your choice of any of the following courses of study:

This is your chance to make up for lost time and increase your opportunities. Your commanding officer will help you, by giving you the time off to attend. Get in the game now and get all you can. Start at the beginning.

Stop in the Main Building of the Knights of Columbus and enroll now. The school opens on July 21st.

Officers' school will start as soon as enrollments are made.

Classes in other subjects will be started as soon as sufficient men are enrolled.

Make known your wants and we will try to help you.

TO BE POSTED ON ALL BULLETIN BOARDS
By Command of MAJOR GENERAL HALE:
G. H. WHITE, Colonel, Infantry, U. S. A.
Executive Officer.

OFFICIAL:
MAX S. MURRAY,
Major, Infantry, U. S. A.
Adjutant."

In each of these camps the registration had been large, at Camp Dix alone the reports indicating that about two hundred officers and one thousand men are attending courses from one to four o'clock on five days a week. Our work there is so well thought of that General Hale has ordered his staff officers to take courses.

Since the above, similar schools have been installed at Camp Mills, where one is located at Mitchell Field and another at Hazelhurst Field with a present registration of four hundred and prospects of at least one thousand in the very near future. This service has also been installed at Base Hospital No. 1, New York City, attended by one hundred Corps men and one hundred convalescents, and at Base Hospital, Fox Hills, Staten Island, where approximately three hundred are registered. At the present time negotiations are under way for a similar school at Camp Merritt and at other camps adjacent to New York City, all of these, including Camp Dix, being under the immediate supervision and direction of Brother George M. Hayes, Professor of English and Mathematics in the College of the City of New York.

Indications are that this service will be soon inaugurated in many other camps throughout the country in accordance with the conditions and opportunities afforded to us, as set forth in the following communication from the Commission on Training Camp Activities, dated July 14, 1919, and which we quote as follows:

FROM: Commission on Training Camp Activities.

TO: Liaison Representatives of Affiliated Organizations. Heads of Departments and District Directors of C. T. C. A.

Subject: Educational and Vocational Training.

1. The Secretary of War has directed that each Department Commander within continental limits of the United States and all others concerned be informed as follows: (1) That educational and vocational training should be carried on in their command to the fullest extent possible with personnel and material locally available for the work, including such assistance as may be afforded without cost to the United States by the authorized welfare organizations, neighboring educational institutions or other sources. Such training must be considered part of their duty and of officers under their command. For the present, vocational training will not

be compulsory and not to exceed three hours per day, five days a week; — that is, not to exceed fifteen hours per week should be devoted to educational and vocational training. No additional personnel and material can be furnished at this time but assistance in both may be expected later. Very important that this duty be undertaken at once. Manifestly, this training must not be permitted to interfere with demobilization; (2) Directs that telegraphic report be made on July 31, 1919, to Room 360, State, War and Navy Building, covering certain phases of educational and vocational work in their command, such as (a) Name of each course now being given; number of men taking each; and the time in hours believed necessary for each course; (b) Names of each course they propose to initiate, number likely to take each and time in hours required for each course, etc. Directs that the above instructions be sent camps, posts, etc., at which not less than a battalion or equivalent is stationed.

By Direction of the Commission on Training Camp Activities:

Per: HAROLD E. POTTER,
Captain, Inf., U. S. A.
Co-ordination Officer."

Furthermore, this program will be expanded to cover most of our Community Centers for the benefit of the men in the service, and in this connection we have in operation a school in the Berkeley Street Service House in Boston, where already large classes are being conducted, for the benefit of the soldiers, sailors and marines and all demobilized service men in and around Boston.

Recently an appropriation of $3,500 was made for the purpose of equipping and maintaining the 57th Infantry Regimental School, now located at Camp Pike, Arkansas. The courses will cover a period of ten months, and we quote herein, in explanation, letter of July 15, 1919, received from Rev. Father Humfrey V. Darley, Chaplain of that Regiment:

"Your letters of the 7th and 11th inst. received. Your arrangement regarding the expenditures for the school is perfectly satisfactory. We will order the machinery and material necessary for the various trade schools and Col. D. J. Baker and myself will O. K. the bills and forward to you. Duplicates of these bills will be kept in the regimental files. The War Committee can remit to us and we in turn will remit to the creditors. We will then forward receipted bills to your office.

"The regiment is enthusiastic over the possibilities of the school and officers and men are loud in their praise of the K. of C.

"The Plumbing School, Blacksmith Shop, and Shoemaking and Repair Shop are in full operation. The Auto Mechanic Shop and Electric Shop will open next week. The academic school will re-open July 21st.

"A complete prospectus of the school will be forwarded your office for publicity purposes.

"As soon as the Printing School opens it is our intention to print a small pamphlet, advertising the work of the Knights of Columbus in the vocational school of the 57th U. S. Infantry.

"If there is any data or information you may desire, we will be only too glad to furnish it."

There is every evidence that the Camp Educational project of the Knights of Columbus is going to be very extensive and it promises to be one of the most successful features of our War Service.

INSULAR POSSESSIONS.

Since last Supreme Council meeting we are able to report considerable progress in extending our service to points outside the Continental United States where American military and naval forces are stationed.

On the Isthmus of Panama suitable buildings have been leased, one each in the cities of Panama and Colon on the Pacific and Atlantic sides respectively of the Isthmus. These are being fitted up and equipped as first-class recreational buildings wherein all the men in the service on the Isthmus will be entertained with motion pictures, dancing parties, boxing tournaments, together with the usual facilities for reading, writing, games, music, etc. At the present time six secretaries are giving service to the men in the United States service stationed in the Canal Zone. In all of these arrangements the civil and military authorities on the Canal Zone have been consulted and we have received their heartiest approval therefor.

In Porto Rico there was situated during the War, Camp Las Casas, just outside of San Juan, at which the draft troops from Porto Rico were trained. A very handsome Knights of Columbus building was erected at this Camp, secretaries were installed and the usual Knights of Columbus service was given until demobilization. The Knight of Columbus also operated another smaller building at the Camp in

conjunction with a Catholic Ladies' Committee. At San Juan, Porto Rico, arrangements have been practically completed whereby our service will be installed for men in the United States Army and Navy. The usual building and equipment is to be provided and maintained with service secretaries, the San Juan Council of the Knights of Columbus cooperating in the work.

In the Hawaiian Islands arrangements have been made for a building and our service at Honolulu for the benefit of the men in the Army and Navy located in these Islands.

Our service with secretaries and equipment has been established in Corregidor Island in the Bay of Manila. In the city of Manila a suitable building has been selected, is being equipped and three Knights of Columbus secretaries are now giving service in this station.

In Alaska our buildings and services are being installed at three points: Fort Wm. H. Seward, Haines; Fort Gibbon, Tanana, and Fort Davis, Nome, with Knights of Columbus secretaries at each.

OVERSEAS ACTIVITIES.

The general administrative functions in connection with our activities overseas are conducted from the Headquarters in Paris with branch offices in London, covering the British Isles, and in Coblenz, Germany, for the Army of Occupation. A chart showing the organization of our service for administrative purposes is shown on preceding page. The work in France, Germany and Italy was handled through eight

zones, as shown, each in the charge of a Supervisor reporting to the Commissioners at Paris. The following list gives the points where service has been rendered; many of these places have been discontinued recently on account of the return of the troops.

In Siberia at Vladivostok our service has recently been installed with the assistance of the two Catholic Army Chaplains stationed with the United States Forces there, the activities being under the direction of Brother Garry McGarry, and reports indicate that the usual successful K. of C. service is being rendered at this far-away station. This work is under the direct supervision of the Overseas Department, New York Office.

While in some respects the activities overseas are similar to those in the United States, in the main our service there presents many problems and difficulties not met with in the domestic service and requiring special treatment in handling, by reason of rapidly changing conditions, successive abandonment of former active Zones, the opening of new territory, the shifting of troops, the return home of many of the men, and other causes.

Generally, our service includes the providing of theatrical and musical entertainment, motion pictures, athletics and games, together with supplies and equipment incidental and necessary for the purpose. In addition, numerous items of supplies designated as creature comforts have been distributed. These supplies include cigarettes, smoking and chewing tobacco, pipes, chewing gum, chocolate, candy, beef cubes, tea, coffee, condensed milk, soap, towels, handkerchiefs and sundry comfort articles. The following list shows some of the items of supplies purchased in the United States and shipped overseas for free distribution in addition to what was purchased overseas:

Description	Quantity	Amount

The accomplishments of the K. of C. service in the entertainment line speak for themselves. Under our auspices the "A. E. F. Circus" and "Wild West Show" were produced. The "K. of C. Minstrels" are known in every nook and corner of the A. E. F., and they have been particularly helpful with the Army of Occupation. Many entertainments have been staged under the auspices of the Order; bands and orchestras have been equipped and more than 50,000 musical instruments of all kinds have been supplied in this connection.

The motion picture field as a means of entertainment for the men in the service has been utilized to the utmost through the Pathé and Community Motion Picture Bureaux. Several hundred machines have been placed in Club Houses and Huts and have been in regular weekly service with films similar to those used by the best Motion Picture Houses in the States. It is estimated that more than half a million soldiers were entertained each night through the K. of C. Motion Picture Service. Five thousand games of baseball were daily played by soldiers, outfits being supplied by the Knights of Columbus. As might have been expected, reports from our Secretaries indicate that the great American National Game was played in every camp at every opportunity.

Perhaps the most advertised event in this line, and the one that attracted most attention throughout France on Memorial Day, was the Marathon Race from Château-Thierry to Paris, which was run entirely under the auspices of the Knights of Columbus, and which eclipsed in popular interest even the regular Army athletic events, to which latter we had ourselves contributed a considerable sum of money. Commissioner Murray was the principal figure in the Château-Thierry exercises, and Commissioner Hearn did the honors at Le Mans, where 160,000 American troops were located awaiting embarkation.

Among many activities of most helpful and meritorious purpose one might be singled out for particular mention; that of the Inquiry Department, established and maintained in the Paris Office, in connection with the thousands of inquiries received concerning lost or missing soldiers, about whom it seemed impossible to secure definite information through the ordinary channels. This Bureau was particularly successful in numerous cases in being able to furnish to inquiring relatives and friends authentic information as to the whereabouts of many boys, thereby relieving many anxious in-

quirers, and in numerous other cases to furnish to sorrowing relatives accurate information as to the circumstances attending the death of loved ones, locating graves, and in many instances securing photographs of same.

Decoration Day was very generally celebrated overseas wherever American troops were located. In every place where we had a Secretary stationed, whether in Britain, France, Italy, Belgium or Germany, the Order took a prominent, if not to say a leading part. Every one of the graves of our boys was decorated, and, wherever possible, services were conducted at the grave, in addition to which Memorial Services were held under our auspices in the large churches in most of the great cities on the other side, and our contributions to the entertainments provided for the soldiers and sailors on this day ran into several hundred thousands of francs, all of which was gratefully and publicly acknowledged by the daily newspapers.

Sufficient commendation cannot be given to the two K. of C. Commissioners, Edward L. Hearn and Lawrence O. Murray, for their leadership, vision and efficiency in the handling of one of the most monumental tasks that could have been thrust upon them. It may confidently be stated that practically without exception our Overseas Secretaries in their work showed themselves to be thoroughly Catholic American citizens, with a high conception of the purpose for which they had gone across, and with the determination to represent the Order on the very highest plane, and to be the servant of the American soldier and sailor boy wherever they were privileged to meet him. Long hours and hard work of an unusual character for most of them entered into the daily routine of their lives, and despite it all they were buoyant, optimistic and imbued with the spirit of service and the thought that they were privileged in being able to take the place of the friends and relatives back home and do something for the boys who were out in a strange land, deprived of all the little comforts to which they were accustomed at home. Many are the authentic instances coming from both the soldiers and officers referring to our work in the most eulogistic vein, proving beyond doubt that the Knights of Columbus can safely let their case rest in the hands of the American Doughboy.

We have surely earned a place in their hearts from which petty criticisms, unreasoning jealousies and professional red tape can never dislodge us.

WAR NEWS SERVICE

John B. Kennedy in Charge.

The Knights of Columbus War News Service was established toward the end of June, 1918, its function being to inform the public concerning the activities of the Knights of Columbus through the Committee on War Activities. Effective work was done by the War News Service from the first week of operation.

Following the armistice it was necessary to execute a revolution in the presentation of intelligence concerning the Order's war activities. From that time on the general theme of the service has been to narrate the Order's work during the war and to carry home the fact that service of equal national importance can be and will be rendered by the Order in peace.

The bureau has been faced with numerous difficulties from the outset. Being pioneer Catholic work, publicity in a Catholic cause had to be "sold" to the editors of the country with greater persistence than that of the publicity of the other war relief organizations, already well known for their social service activities. Some prejudice against the Order has also been encountered, not so much as a Catholic organization, but as a society of definitely limited membership whose title to publicity exceeding that accorded to other fraternal organizations had to be proved.

Persistent effort and sedulous use of the varied material for publicity developing from the war, employment and reconstruction work have resulted in the fullest prac-

ticable press recognition of the Order's achievements. The results of the bureau's activities are best summarized under subdivision of media:

Catholic Press — A weekly service of news and feature articles, approximating a column and a half per issue in every diocesan newspaper. To the editors of American Catholic newspapers and magazines we owe our most profound acknowledgments of unremittant support and cordial hospitality.

General Press — Twelve hundred newspapers in all parts of the United States — and twenty in South America, Mexico, Canada and Europe — are served with from three to five articles weekly. Three hundred of the larger newspapers are served three times weekly. One hundred and fifty of the largest newspapers receive four envelopes from the bureau every week, and, when occasion warrants, a daily article.

Items to different localities where secretaries or the soldiers they serve are known are sent out every day. These items are not usually available for national use but are often adapted to exclusive use for one large newspaper in each large city.

Telegraph service, through the Associated Press, the United Press, the Universal Service and the International News, is employed whenever possible. These agencies have distributed twenty-nine telegraph stories and an equal number of mail stories for the War News Service during the past year. Combined, they reach every newspaper in the United States and Canada carrying telegraphic service.

The feature distributing agencies — the International News Service, the Gilliams Syndicate, the Newspaper Enterprise Association and others have sent out fifteen K. of C. feature stories to their subscribers. The International News Matrix service has sent out sixteen mats for the bureau, the N. Y. *Herald* mat. service, about six; Underwood and Underwood, four. The bureau itself has distributed upward of one thousand mats. In all, practically every one of the nine hundred mat.-using newspapers of this country have regularly received K. of C. mats.

A monthly plate service has been inaugurated to supply country newspapers. Twelve hundred of these are on our list.

All the large agencies — the International Film Service, Underwood and Underwood, the Western Newspaper Union, the Pictorial Service Co. — have circulated pictures submitted to them by the bureau, with the result that every newspaper rotogravure section in the country has carried K. of C. pictures. Four picture layouts made by the War News Service have been given wide circulation. Others are in preparation.

All told, over 350 multigraphed news and feature stories have been distributed by the War News Service, every story being printed somewhere; most of them being generally published. The stories ranged in length from seventy to two thousand words.

As an instance of effective publicity, it should be mentioned that in New York alone, twenty-one full page articles or picture-stories have appeared during the past year.

Fifteen large volumes of newspaper clippings have been accumulated by the War News Service, despite the fact that the tardiness and incompleteness of clipping services have been notorious since the war on account of government regulation of newspaper "returns." This represents over one million lines of newspaper as distinct from other publicity. The bureau has received clippings of *about ten per cent.* of the total matter published. Among these clippings are numerous ones of editorial opinion.

Large national publications have responded encouragingly to the frequent canvassing made. The following have published articles concerning the war or reconstruction work of the Knights of Columbus.

Collier's Weekly (2), *The Outlook* (2), *The Forum, Munsey's Magazine, The Literary Digest* (6), *the Saturday Evening Post, Leslie's Weekly* (2), *Motor* (5), *Life, Baseball Magazine* (6), *The Cosmopolitan Magazine* (3), *The Independent, Current History Magazine, Top-Notch Magazine, World Magazine, Mid-Week Pictorial and The American Boy.*

The Order has received favorable, if incidental mention, in other magazines, such as the *The Atlantic Monthly.* Articles will appear in magazines not listed above in the near future.

House organs and trade and labor publications have been regularly and successfully served by the bureau.

Moving Pictures — The International Film Service has ten times included the Knights of Columbus in its news-reel. Gaumont, Fox, Kinegram and Pathé have also done so.

Other Media — The bureau has been wholly or partially responsible for recognition of the K. of C. war work in two largely attended theatrical productions; in a song published independently by the largest American music publisher; in an athletic handbook, and in several advertisements published by general concerns. Whenever occasion arises strenuous efforts are made to secure appropriate recognition for the Order's war work by all legitimate media.

Corrective Publicity — It speaks well for the general good will toward the Order that the War News Service has only, on four occasions, had to correct misstatements made in the press. Each time the correction was published, once with more prominence than the original error.

THE FUTURE.

Frequently the question has arisen, "How long will the Knights of Columbus War Activities continue?" If by this is meant our work in the recent World War, the answer might be given that this particular phase of our activities will be substantially concluded with the return of the forces still overseas, and the final mustering out of the men enlisted for the war, which undoubtedly will be a matter of only a few months. If, however, we take into view the opportunities for rendering service in the post-war period, the possibilities of continuing our service for the men remaining with the colors, the educational, reconstruction and other problems to be met, then obviously it is not so easy to set the limit for our future work in any direction.

The thought has been expressed by members of the Hierarchy and others that this field of apostolic work should not be abandoned; that after the record that has been made we should not say to our men in the service, "We leave you now to the care of the Y. M. C. A., the Jewish Welfare Board and the Salvation Army," which organizations undoubtedly propose to keep up the work begun during the war.

Unquestionably, an important and extensive patriotic work lies before us, and we ought to do our share. It is reasonable to say that the Order will be expected to continue the work undertaken for the temporal and spiritual welfare and comfort of our soldiers, without charge, and without distinction as to race or religion, as there will be certainly opportunity to do for some time to come. It is the Order's privilege, and it should be its duty to see that all its intelligence and force are devoted to the advancement of those ideals which have inspired it to build and strive during all the years of its existence.
